

ALLIES DEMAND NEW HUNGARIAN GOVERNMENT

NATIONAL ASSEMBLY MUST BE ELECTED UNDER ALLIED SUPERVISION

LONDON, March 29.—The allies have demanded the resignation of the Hungarian soviet government, according to dispatches to the Exchange Telegraph company by way of Berlin and Copenhagen. They demand the election of a national assembly under the supervision of allied troops.

Lenine Plans Soviet Government

Paris, March 29.—Premier Lenine of the Russian soviet government has sent to the Hungarian constitutional commission a draft of a proposed constitution for Hungary, according to a Vienna dispatch transmitted by the Zurich correspondent of L'Information.

No Word From Allied Mission

Paris, March 29.—Havas.—No definite information has been received here regarding the status of the allied mission at Budapest. A dispatch from Rome asserts that the mission have been neither interned nor expelled but have simply been requested to abstain from communicating with their governments until the new Hungarian government has been firmly established.

According to the Paris edition of the Daily Mail, Colonel Vix, the chief of the French mission, has telegraphed that he had been released and was proceeding to Paris.

New Measures to Be Imposed Discussed

Paris, March 29.—Havas.—The Temps says today that military measures which it is reported will be taken to counteract the danger arising from the establishment of a soviet government at Budapest are still under discussion by the allied governments. It seems sure, the newspaper adds, that a certain quantity of material and equipment will be sent to Rumania.

All work in Budapest has been stopped and the government is taking an inventory of shops, banks and factories. All property, real and personal has been sequestered. Houses have been seized by the state, arms requisitioned and numerous prominent persons arrested.

In addition to the Italian and British reports, Professor Philip Brown of Princeton University, representing the United States remains in Budapest. It is announced that he will be treated with courtesy and allowed to send messages to Vienna.

CHICAGO MAYORALTY CONTEST NEARS END

CHICAGO, March 29.—Chicago's municipal campaign for mayor closed tonight with a carnival of noise and downtown spectacles which many observers declared had not been equalled in years. Besides circus "rings" there were stages to accommodate numerous performers supporting each of the six candidates for mayor at the election on Tuesday, April 1.

Mayor William Hale Thompson, Republican; County Clerk Robert M. Sweitzer, Democrat and State's Attorney Macley Lloyne, a Democrat running as an independent candidate by petition each claimed victory tonight by large pluralities.

Other candidates are John Fitzpatrick, labor party; John M. Collins, Socialist and Adolph Carmi, Socialist Labor. Besides the mayor thirty five aldermen and other municipal officers are to be elected.

Mayor Thompson, elected four years ago over Sweitzer by 148,000 has been assailed by his opponents on his war record and also as a servant of the public utilities which he denied; the public utility favoritism has been the principal charge also against Sweitzer and both he and Thompson have been charged by Hoyne of being machine-made candidates.

Altho for the first time the city will vote on the question, "Shall this city become Anti-Saloon territory?" not a great deal of interest has been manifested in that feature in view of national legislation.

SUFFS ADJOURN JUBILEE MEETING

ST. LOUIS, Mo., March 29.—The jubilee convention of the Woman Suffrage association adjourned here this afternoon after endorsing action taken by the league of women voters, composed of suffrage members from franchise states looking toward remedial legislation affecting the meat packing industry and adopting principles of an Americanization program.

Mrs. C. H. Brooks of Wichita, Kans., was elected permanent chairman of the league of women voters to serve until the next national convention of the suffrage association which will be in February, 1920, as a center of celebration of Susan B. Anthony.

Demobilization Continues With Great Rapidity

WASHINGTON, March 29.—Gen. March announced today that he had ordered soldiers discharged within 48 hours after arrival at Demobilization Camps unless special conditions made it impossible. He said the demobilization total now had passed the million and a half mark.

Many men object, Gen. March explained, to being held for parole or for any other purpose. At some camps, he said, it had taken from 5 to 4 days to put them through, but these were now approaching the 48 hour rate.

The chief of staff made it plain that the war department was not opposing the parading of returning units where the men desired to remain in the service for that purpose. He said, however, that no men would be kept against their will to await the arrival of other units or their division hereafter.

Demobilization statistics today show 1,460,841 men and 88,649 officers discharged. Reserve commissions have been given to 27,287 officers, including 20 colonels and 16,340 officers have applied for regular service commissions.

Referring to the payment being made to Great Britain for transporting troops from France Gen. March said the figures agreed upon were fair to both sides and did not include any of the indirect costs of operating the British ships.

MILITARY SITUATION AT DANZIG EXPLAINED

PARIS, March 29.—(By The Associated Press.)—The military situation at Danzig, where negotiations are under way for the passage of the German army, the Polish army, and the Polish army, is explained by military experts attached to the peace commission.

It is said that the German purpose appears to be to direct the movement of these troops so as to avoid unnecessary chance of friction or hostile collisions with the German populace in the region to be traversed. Therefore while Danzig was named in the armistice as the port of debarkation it is regarded by the military authorities as only proper that the entire commanders should consider any proposition by the German authorities looking to the use of other German ports as a violation of the armistice.

One source of delay has been found in the failure to secure quickly the shipping necessary to convey the Polish legions to the German port of debarkation. It will require thirty ships of 1,000 tons each and two months time to complete the movement.

INDIAN UPRISING IN ARGENTINE

BUENOS AIRES, March 29.—(Friday).—A general Indian uprising in Formosa province has been reported and it is said that the Indians have sacked the station of two soldiers. The Indians carried off horses, mules and supplies from the fort.

National troops are being hurried to the province.

TUSCULA, Ill., March 29.—Quinn D. Robertson, of Tuscula, was acquitted of the murder of Queen Blavens in the circuit court this afternoon. The verdict being returned after a deliberation of twenty hours. The verdict was the closing chapter of one of the most hard fought cases in the annals of Douglas county courts. It being the third time the case had been brought to trial.

U. S. TAKES OVER LARGE GERMAN SHIPS

COWLES, England, March 29.—The German Steamers Graf Waldersee of thirteen thousand tons and the Kazin Augusta Victoria of 21,500 tons, left here today with American crews. The Kazin of 15,000 tons and the Prinz Friedrich Wilhelm of 17,000 tons, arrived here today.

FAVOR GENEVA AS SEAT OF LEAGUE

PARIS, March 29.—By the Associated Press.—It is understood that the committee having in charge the selection of the official seat of the league of nations has reached a definite decision in favor of Geneva.

Brussels, The Hague, Rome and Constantinople also were considered by the committee. The Hague, altho it has the advantage of possessing a building for peace conferences that would immediately be available is objected to by several countries, especially some of the Latin world. Another group opposes Brussels. Rome must be discarded the conference having almost unanimously decided that no great power shall have the seat of the league. Constantinople is opposed because it is not convenient of access.

Take Up Monroe Doctrine Amendment

PARIS, March 29.—By the Associated Press.—The American Monroe Doctrine amendment to the covenant of the league of nations, it is understood has been submitted to the council of four for final determination as to the course to be adopted concerning it. When the amendment came up at the last meeting of the league of nations commission an unexpected obstacle arose which caused action on it to be deferred. This was not against the Monroe Doctrine itself, but the form of the amendment which is so general in its terms that it might include other doctrines to which strong objections prevailed among some of the British dominions. As a conference failed to disclose means of removing the obstacle the amendment was finally referred to the premiers and the president as the court of last resort.

NEGRO FORCED TO RETRACT CHARGES

ST. LOUIS, March 29.—A federal warrant was issued late today for the arrest of Sergeant Henry Johnson, Negro war hero of Albany, N. Y., on complaint of returned white war heroes who declared Johnson had disparaged their valor in an address here Friday night.

Johnson is said to have declared the whites were cowards, that they retreated in the face of enemy fire, that the marines refused to fight in the same trench with blacks, and that the war was won by the negroes.

Johnson's arrest was deferred when he promised to retract the charges.

More than 100 marines, many wearing the Croix de Guerre with palm appointed a committee of seven to demand that Johnson withdraw the charges. When the committee visited Johnson, he fled.

Johnson and another Negro are credited with killing four Germans and wounding twenty eight others with bolt knives.

ALLENBY WILL RESTORE ORDER IN EGYPT

CAIRO, Egypt, March 29.—(Friday).—Gen. E. H. Allenby, the new commander-in-chief in Egypt, told a gathering of Egyptian notables today that he would be forced to employ active measures to restore order in Egypt. He said that it had been found impossible to restore order by defensive measures.

The policy of repression, the general admitted, would bring great suffering to the people and he asked the Egyptians to devise measures to achieve the desired results with a minimum of suffering. He concluded with this emphatic warning:

"I intend to do my duty. It is for you to do yours."

EMERSON AFTER AUTO-DELINQUENTS

SPRINGFIELD, Ill., March 29.—Louis L. Emerson, secretary of state, sent a urgent request to state police officers throughout the state today to arrest all automobile drivers who are operating cars under 1918 license. He estimated that 125,000 owners of motor vehicles are delinquent.

STUDENTS KILLED

MIAMI, Fla., March 29.—C. M. Gendreau, of Chicago, a student of the naval air station here, was killed today when his airplane fell from a height of 2,000 feet in a spinning nose dive into Biscayne Bay.

WOULD AMEND COURT MARTIAL SYSTEM

WASHINGTON, March 29.—Lieut. C. V. Porter of the Judge advocates general's office submitted a statement today to the special committee of the American Bar association embodying conditions in the military justice system which he said would bring about improvement in administration of justice.

The committee is investigating army court martial cases. The Judge advocates general, Lieut. Porter, recommended that the organization of a special and distinct corps of lawyers, who were to serve as judges advocates on the staff of the prosecution and the defense.

He also recommended reduction in the number of members of a general court from thirteen to three or five and the assignment of counsel to the accused at the earliest possible moment.

Colonel Porter has been a practicing lawyer for nine years and served as judge advocate with the army "back in" this country.

FAIL TO REACH CLEW OF MISSING OFFICER

WASHINGTON, March 29.—Three months search, having failed to develop any clew as to the whereabouts of Captain Charles Hansen, marine corps headquarters here today announced that the name of this officer had been dropped from the rolls. Captain Hansen was last seen in January in the city of New York. He is listed as "absent without leave." His friends here still have hopes that his disappearance will be explained. Captain Hansen enlisted from Illinois.

CONVENTION SYSTEM IN COLORADO MODIFIED

DENVER, March 29.—A modified form of the convention system of selecting candidates for public office to replace the direct primary, approved by the house of representatives last night by a vote of 36 to 28. The measure provides for selection of delegates to county convention of political parties by precinct primaries.

BANK CONDITIONS

NEW YORK, March 29.—The actual condition of clearing house banks and trust companies for the week shows that they held \$29,307,560 reserve in excess of legal requirements. This is a decrease of \$14,358,980 from last week.

Burleson Raises Telegraph Rates Effective April 1

ADD BURLESON RAISES WASHINGTON, March 29.—Increase of 20 per cent in domestic telegraph rates effective April 1, were announced today by Postmaster General Burleson. The increase was agreed upon at a meeting of the federal wire board and was made necessary, Mr. Burleson's announcement, said to meet the "increased cost of operation occasioned by wage increases now in effect, made during the past year."

Mr. Burleson added that the advance would be "barely sufficient" for this purpose.

The order affects both government and commercial messages, but it was announced that there would be no increase in special press rates for newspapers or in charges for special wires leased by press associations and newspapers.

Under the order, however, commercial and government leased wires will be charged for at an advance of 20 per cent over existing rates whether such wires be furnished by a telegraph or a telephone system under government control.

New Schedule.

Mr. Burleson's order follows: "The following schedule of domestic commercial telegraph rates shall be effective from April 1, 1919, and continue until otherwise ordered."

Present Rate.	New Rate.
25c. 2c. each add'l. word.	30c. 2 1/2c. each add'l. word.
50c.	60c.
55c.	65c.

70c.	80c.
75c.	85c.
80c.	90c.
85c.	95c.
90c.	1.00

"Day letters and night letters shall be computed as at present but charged for on the basis of above rates. Night messages will be charged for at increased rates not over 50 per cent over existing rates."

Commercial and government leased wires shall be charged for at an advance of twenty per cent over existing leased wire rates whether such wires be furnished by a telegraph or a telephone system under government control. The telegraph rates for domestic United States government messages.

Mr. Burleson's order was issued by the department without comment other than the explanation that the increase would not affect the rates for cables and international telegrams.

Increased rates for employees of all departments of telegraph systems under federal control, except employees of non-functional offices and messengers became effective on December 1. Employees receive more than a year and a half ago received an increase of 10 per cent and those employees less than a year and a half ago received a 5 per cent.

GIVE UP SECURITIES TO BUY FOOD

BERLIN, Friday, March 29.—(By The A. P.).—A list of securities which the government has decreed shall be surrendered in order to help pay for food delivered to Germany includes bonds of thirty three foreign railroads. The railroad bonds are all to be purchased at par or above, except the Louisville and Nashville second mortgage bonds.

German residents in Germany and owning securities need money and owing securities need not surrender or register them. They may export their securities. It is proved that they were purchased before March 4, 1919.

HOMEWARD MOVEMENT OF 26TH UNDERWAY

WASHINGTON, March 29.—The homeward movement of the 26th (New England National Guard) division is underway. The war department announced today that the Transport Mt. Vernon sailed from Brest Thursday and was due at Boston April 4 with Major Harry C. Hale, the commander and 202 officers and 5,515 men of this, the first National Guard division to go to France. Other units of the organization will follow within a short time.

Units of the 26th on the Mt. Vernon are the division headquarters troops and military police, the 32nd infantry brigade headquarters, the 101st engineers less Company C, the engineers train, the 104th infantry complete.

WIFE OF PROMINENT KENTUCKY

WASHINGTON, March 29.—Organization of a special five corps in connection with the emergency employment committee, soldiers and sailors of the coast of national defense was announced today by the war department. The corps is composed of approximately thirty five army officers under the supervision of Colonel Arthur Woods, special assistant to the secretary of war and chairman of the emergency employment committee. It has been organized for the purpose of carrying out in the field the plan of the war department and of the committee for the re-employment of soldiers, sailors and marines and their readjustment and selection to civil life. The work will consist largely of gathering information concerning present existing government employment agencies, as well as agencies established and maintained by private organizations and individuals and of finding out how the war department can cooperate with the community to fulfill its obligations to the men and women who have served in the military and naval forces.

GENERAL MARCH GIVES OUT PEACE STRENGTH OF U. S. REGULAR ARMY

509,000 Officers and Men Will Compose Personnel of Peace Army — New Plans Radical Departure from Pre-War Establishment.

WASHINGTON, March 29.—Orders made public today by General March, chief of staff, provide for the organization of the regular army at a peace strength of 509,000 officers and men under plans that are a radical departure from the pre-war establishment. The effect is to carry into peace time establishment the "one army" organization which absorbed regulars, national guard and national army during the war into the army of the United States. This is accomplished by perpetuating in the permanent establishment the numerical designations, names, special insignia, war histories and traditions and where possible, the commissioned personnel of the divisions, regiments and other units which have particularly brilliant war records. This project is furthered by assigning to each of the fourteen regular divisions to be organized the number and approximately the same home area as one of the war divisions.

42nd and Cavalry Division

The new division in each case will be recruited exclusively from that area. A feature of the plan is the assignment of the forty second division which will succeed the famous Rainbow division of war time, to become the cavalry division of the new army. It will be recruited from all parts of the country as will be the seven regular divisions retained and which are now part of the army of occupation.

Each of the seven regular divisions now in France also is assigned to a home camp as a permanent base and the units of the new army will be organized from the units of the war divisions.

ALLIES DEMAND NEW HUNGARIAN GOVERNMENT

NATIONAL ASSEMBLY MUST BE ELECTED UNDER ALLIED SUPERVISION

LONDON, March 29.—The allies have demanded the resignation of the Hungarian soviet government, according to dispatches to the Exchange Telegraph company by way of Berlin and Copenhagen. They demand the election of a national assembly under the supervision of allied troops.

Lenine Plans Soviet Government

Paris March 29.—Premier Lenine of the Russian soviet government has sent to the Hungarian constitutional commission a draft of a proposed constitution for Hungary, according to a Vienna dispatch transmitted by the Zurich correspondent of L'Information.

No Word from Allied Mission

Paris March 29.—Havas.—No definite information has been received here regarding the status of the allied mission at Budapest. A dispatch from Rome asserts that the missions have been neither interned nor expelled but have simply been requested to abstain from communicating with their governments until the new Hungarian government has been firmly established.

According to the Paris edition of the Daily Mail, Colonel Vix, the chief of the French mission, has telegraphed that he had been released and was proceeding to Paris.

New Measures to Be Imposed Discussed

Paris, March 29.—Havas.—The Temps says today that military measures which it is reported will be taken to counteract the danger arising from the establishment of a soviet government at Budapest are still under discussion by the allied governments. It seems sure, the newspaper adds, that a certain quantity of material and equipment will be sent to Rumania.

All work in Budapest has been stopped and the government is taking an inventory of shops, banks and factories. All property, real and personal has been sequestered. Houses have been seized by the state, arms requisitioned and numerous prominent persons arrested.

In addition to the Italian and British reports, Professor Philip Brown of Princeton University, representing the United States remains in Budapest. It is announced that he will be treated with courtesy and allowed to send messages to Vienna.

CHICAGO MAYORALTY CONTEST NEARS END

CHICAGO, March 29.—Chicago's municipal campaign for mayor closed tonight with a carnival of noise and downtown spectacles which many observers declared had not been equalled in years. Besides circus "rings" there were stages to accommodate numerous performers supporting each of the six candidates for mayor at the election on Tuesday, April 1.

Mayor William Hale Thompson, Republican; County Clerk Robert M. Sweitzer, Democrat and State's Attorney MacLay Hoyne, a Democrat running as an independent candidate by petition each claimed victory tonight by large pluralities.

Other candidates are John Fitzpatrick, labor party; John M. Collins, Socialist and Adolph Carm, Socialist Labor. Besides the mayor thirty five aldermen and other municipal officers are to be elected.

Mayor Thompson, elected four years ago over Sweitzer by 148,000 has been assailed by his opponents on his war record and also as a servant of the public utilities which he denied; the public utility favoritism has been the principal charge also against Sweitzer and both he and Thompson have been charged by Hoyne of being machine-made candidates.

After the first time the city will vote on the question "Shall this city become Anti-Saloon territory?" not a great deal of interest has been manifested in that feature in view of national legislation.

SUFFS ADJOURN JUBILEE MEETING

ST. LOUIS, Mo., March 29.—The jubilee convention of the Woman Suffrage association adjourned here this afternoon after endorsing action taken by the league of women voters, composed of suffrage members from franchise states, looking toward remedial legislation affecting the meat packing industry and adopting principles of an Americanization program.

FLU REACHES LOWEST EBB

Springfield, Ill., March 29.—Influenza has reached its lowest ebb in Illinois since the epidemic of last fall, according to Dr. C. St. Clair Drake, director of health, who stated that only 635 cases of the disease were reported for the week ending at noon today. This is one half the number of cases reported last week.

Demobilization Continues With Great Rapidity

WASHINGTON, March 29.—Gen. March announced today that he had ordered soldiers discharged within 48 hours after arrival at Demobilization Camps unless special conditions made it impossible. He said the demobilization total now had passed the million and a half mark.

Many men, object, Gen. March explained, to being held for parades or for any other purpose. At some camps, he said, it had taken from 5 to 6 days to put thru discharges, but these were now approaching the 48 hour rate.

The chief of staff made it plain that the war department was not opposing the parading of returning units where the men desired to remain in the service for that purpose. He said, however, that no men would be kept against their will to await the arrival of other units or their division hereafter.

Demobilization statistics today show 1,460,641 men and 88,649 officers discharged. Reserve commissions have been given to 27,287 officers, including 20 colonels and 15,310 officers have applied for regular service commissions.

Referring to the payment being made to Great Britain for transporting troops from France, Gen. March said the figures agreed upon were fair to both sides and did not include any of the indirect costs of operating the British ships.

MILITARY SITUATION AT DANZIG EXPLAINED

PARIS, March 29.—(By The Associated Press).—The military situation at Danzig, where negotiations are under way for the passage thru Germany of three Polish legions intended for service with the Polish army is explained by military experts attached to the peace commission in a report given in dispatches from Berlin.

It is said that the German purpose appears to be to direct the movement of these troops so as to avoid unnecessary chance of friction or hostile collisions with the German populace in the region to be traversed. Therefore while Danzig was named in the armistice as the port of debarkation it is regarded by the military authorities as only proper that the entire commanders should consider any proposition by the German authorities looking to the use of other German ports as a violation of the armistice. So far as is known nothing in the nature of an ultimatum has been delivered and it is believed that the issue will be settled satisfactorily without a breach.

One source of delay has been found in the failure to secure quickly the shipping necessary to convey the Polish legions to the German port of debarkation. It will require thirty ships of 5,000 tons each and two months' time to complete the movement.

INDIAN UPRISING IN ARGENTINA

BUENOS AIRES, March 29.—(Friday).—A general Indian uprising in the province of Formosa is reported and it is said that one tribe has sacked the fort at Yunka killing the garrison of two non-commissioned officers and 15 soldiers. The Indians escaped taking horses, munitions and supplies from the fort.

National troops are being hurried to the province.

ACQUITTED OF MURDER

Tuscola, Ill., March 29.—Quinn D. Robertson, of Tuscola, was acquitted of the murder of Quentin Bleiven in the circuit court this afternoon, the verdict being returned after a deliberation of twenty hours. The verdict was the closing chapter of one of the most hard fought cases in the annals of Douglas county courts. It being the third time the case had been brought to trial.

C. S. TAKES OVER LARGE GERMAN SHIPS

Cowles, England, March 29.—The German Steamers Graf Waldersee of thirteen thousand tons and the Kazin Auguste Victoria of 24,500 tons, left here today with American crews. The Zepplin of 15,000 tons and the Prinz Friedrich Wilhelm of 17,000 tons arrived here late today to be transferred to American hands.

AUGUST BELMONT, JR., DEAD

New York, March 29.—August Belmont, Jr., a partner in the banking firm of August Belmont and Company, American representative of the European banking firms of the Rothschilds, died here today after being operated on for intestinal trouble.

EMMERSON AFTER AUTO DELINQUENTS

Springfield, Ill., March 29.—Louis L. Emmerson, secretary of state, sent an urgent request to city police officers thruout the state today to arrest all automobile drivers who are operating cars under 1918 licenses. He estimated that 125,000 owners of motor vehicles are delinquent.

STUDENTS FLYING OFFICER KILLED

Miami, Fla., March 29.—C. M. Gendreau, of Chicago, a student officer of the naval air station, here was killed today when his airplane fell from a height of 3,000 feet in a spinning nose dive, into Biscayne Bay.

DAYLIGHT SAVING EFFECTIVE TODAY

WASHINGTON, March 29.—Official time in every section of the country will move forward an hour at 2 o'clock tomorrow morning thus ushering in a second summer of daylight saving. The new time will remain in force until the last Sunday in October, when clocks will be moved back an hour.

The change of time is made necessary by the daylight saving law passed by congress during the war and which is still in effect. Vigorous protests against it were made during the last congress by farmers' organizations and the senate agriculture committee added a "rider" to the agriculture appropriation bill repealing the law but the measure was not acted upon. The average persons before retiring will set his watch or clock ahead an hour. Official clocks, however, will not be advanced until 2 o'clock. There will be no change in railroad schedules and working hours.

Estimates made last year by the fuel administration placed the total saving of coal thru the operation at a million and a quarter tons. London, March 29.—Summer time in the United Kingdom will begin Sunday. The clocks will be advanced one hour at two o'clock tomorrow morning.

Burleson Raises Telegraph Rates Effective April 1

ADD BURLESON RAISES WASHINGTON, March 29.—Increase of 20 per cent in domestic telegraph rates effective April 1, were announced today by Postmaster General Burleson. The increase was agreed upon at a meeting of the federal wire board and was made necessary, Mr. Burleson's announcement said to meet the "increased cost of operation occasioned by wage increases now in effect, made during the past year."

New Schedule

Mr. Burleson added that the advance would be "barely sufficient" for this purpose.

The order affects both government and commercial messages, but it was announced that there would be no increase in special press rates for newspapers or in charges for special wires leased by press associations and newspapers.

Under the order, however, commercial and government leased wires will be charged for at an advance of 20 per cent over existing rates whether such wires be furnished by a telegraph or a telephone system under government control.

The following schedule of domestic commercial telegraph rates shall be effective from April 1, 1919, and continue until otherwise ordered:

Present Rate.	New Rate.
25c. 2c. each addl. word.	30c. 2.5c each addl. word.
30-2	36-2.5
35-2	42-2.5

"Day letters and night letters shall be computed as at present but charged for on the basis of above rates. Night messages will be charged for at an increase of twenty per cent over existing night message rates."

"Commercial and government leased wires shall be charged for at an advance of twenty per cent over existing leased wire rates whether such wires be furnished by a telegraph or a telephone system under government control. The telegraph rates for domestic United States government rates."

Mr. Burleson's order was issued by the department without comment other than the explanation that the increase would not affect press rates and charges on wires leased by newspapers and press associations.

Increased wages for employees of all departments of telegraph systems under federal control, except employees at "non-functional" offices and messengers became effective last December 1. Employees in service more than a year and a half ago received an increase of 10 per cent and those employees less than a year and a half five per cent.

GIVE UP SECURITIES TO BUY FOOD

BERLIN, Friday March 28.—(By The A. P.).—A list of securities which the government has decreed shall be surrendered in order to help pay for food delivered to Germany, included the bonds of thirty three foreign railroads. The railroad bonds are all to be purchased at par or above, except the Louisville and Nashville second mortgage bonds.

Foreigners resident in Germany and owning securities need not surrender or register them. They may export their securities if it is proved that they were purchased before March 4, 1919.

HOMeward MOVEMENT OF 26TH UNDERWAY

WASHINGTON, March 29.—The homeward movement of the 26th (New England National Guard) division is underway. The war department announced today that the Transport Mt. Vernon sailed from Boston Thursday and was due at Boston April 4 with Major Harry C. Hale, the commander and 202 officers and 5,515 men of this, the first National Guard division to go to France. Other units of the organization will follow within a short time.

Units of the 26th on the Mt. Vernon are the division headquarters troops and military police, the 32nd infantry brigade headquarters, the 101st engineers, less company C, the engineers train; the 104th infantry complete.

WIFE OF PROMINENT CLERGYMAN DIES

Chicago, March 29.—Mrs. A. G. Docke, widow of the Rev. Clinton Docke, a prominent Episcopal clergyman died here today. She was nearly eighty years old, had been presented at the courts of both England and Spain and aided Lady Beresford of England in organizing the first Beresford Club.

GENERAL MARCH GIVES OUT PEACE STRENGTH OF U. S. REGULAR ARMY

509,000 Officers and Men Will Compose Personnel of Peace Army — New Plans Radical Departure from Pre-War Establishment.

WASHINGTON, March 29.—Orders made public today by General March, chief of staff, provide for the organization of the regular army at a peace strength of 509,000 officers and men under plans that are a radical departure from the pre-war establishment. The effect is to carry into peace time establishment the "one army" organization which absorbed regulars, national guard and national army during the war into the army of the United States. This is accomplished by perpetuating in the permanent establishment the numerical designations, names, special insignia, war histories and traditions and where possible, the commissioned personnel of the divisions, regiments and other units which have particularly brilliant war records. This project is furthered by assigning to each of the fourteen regular divisions to be organized the number and approximately the same home area as one of the war divisions.

42nd a Cavalry Division

The new division in each case will be recruited exclusively from that area. A feature of the plan is the assignment of the forty second division which will succeed the famous Rainbow division of war time, to become the cavalry division of the new army. It will be recruited from all parts of the country as will be the seven regular divisions retained and which are now part of the army of occupation.

Each of the seven regular divisions now in France also is assigned to a home camp as a permanent base and will be sent to that camp when withdrawn from Europe.

Pending further legislation the plans followed call for the organization of one field army of five corps. The first and second corps are now composed of the first to seventh divisions now overseas and the others will be formed at home when the new divisions have been created. The peace strength basis of an infantry division to which these units will be recruited is 15,883 officers and men. The forty-second, the cavalry division, will have a peace strength of 15,978.

One project still under discussion in connection with the localization of the divisions is that of offering to officers of the war time divisions commissions in the new regular units. This would enable the war department to take into regular service some of the general officers of national guard origin. It is understood, to command substantially the same units they commanded in France.

The following list shows the new designations of the army and the war time divisions from which they were taken in order to preserve traditions. Except in the case of assignment of regular regiments, merely the number and other insignia of the units is retained, the personnel to be supplied later by recruitment. The recruiting area of each division also is shown, the first seven to be nationwide in composition:

The Recruiting Area

First division (Camp Pike, Ark.) unchanged as now organized.

Second division (Camp Dodge, Iowa) in fourth brigade, 8th and 49th regular regiments substituted for the 50 and 60th marine regiments.

Third division (Camp Lee, Va.) unchanged.

Fourth division (Camp Lee) unchanged.

Fifth division (Panama) unchanged.

Sixth division (Honolulu) unchanged.

Seventh division (P. I., Alaska and Mexican border) unchanged except for additional infantry brigade attached. This is to be the 182nd brigade, colored, formerly of the 92nd division, colored.

Twenty sixth division (Camp Devens, Mass.) recruited area New England.

Twenty eighth division (Camp Dix, N. J.) area Pennsylvania.

Twenty ninth division (Camp Meade, Md.) Maryland, New Jersey, Delaware, Virginia and District of Columbia.

Thirtieth division (Camp Jackson, S. C.) area Tennessee, North and South Carolina.

Thirty second division (Camp Custer, Mich.) area Wisconsin, Minnesota, North and South Dakota and Michigan.

Thirty third division (Camp Grant, Ill.) area Iowa and Nebraska.

Thirty sixth division (Camp Travis, Texas) area Arkansas, Mississippi, Louisiana, Texas and Oklahoma.

Thirty seventh division (Camp Sherman, Ohio) area West Virginia and Ohio.

Eighty first division (Camp Taylor, Ky. area Indiana and Kentucky).

Eighty second division (Camp Gordon, Ga.) area Georgia, Florida and Alabama.

Eighty ninth division (Camp Funston, Kans.) area Missouri, Colorado and Kansas.

Ninety first division (Camp Lewis, Wash.) area Pacific and Rocky Mountain states.

Forty second division (Cavalry, southern department) area, all states.

NEW PLAN FOR TAKING CARE OF RETURNED MEN

WASHINGTON, March 29.—Organization of a special field corps in connection with the emergency employment committee of soldiers and sailors of the council of national defense was announced today by the war department.

The corps is composed of approximately thirty five army officers under the supervision of Colonel Arthur Woods, special assistant to the secretary of war and chairman of the emergency employment committee. It has been organized for the purpose of carrying out in the field the plans of the war department and of the committee for the re-employment of soldiers, sailors and marines and their readjustment and absorption into civil life and peace time conditions.

The work will consist largely of gathering information concerning present existing government employment agencies as well as agencies established and maintained by private organizations and individuals and of finding out just how the war department and the committee can, by cooperating with the community, fulfill the nation's obligations to the men now returning to civil life. The corps has been divided into three divisions each under a division head. Major J. B. Reynolds will be in charge of the central division which will include Ohio, Illinois, Indiana, Michigan, Missouri, Wisconsin, Minnesota, Iowa, North Dakota, South Dakota, Nebraska, Kansas, Colorado, Kentucky and West Virginia.

The announcement was made today by the employment service that thru contributions of funds and personal services received during the last week it will be possible for it to continue at least sixty per cent of its former effect until congress appropriates funds.

FOURTH DISTRICT JUDICIAL ELECTION.

(Editorial from Springfield Journal.)

Fourth district judicial elections have never been decided on partisan lines. Although the district is heavily Republican, not since its creation has it sent a Republican to the supreme court bench. Always, it has voted in conformity with the spirit of the law which segregates judicial from other elections. Always, it has endeavored to make its choice for supreme court justice by naming the most available competent man, without reference to his political affiliations.

The district selected the late Justice Guy Scott because of its regard for his ability—not because he was a Democrat. It named Justice Cooke to succeed Justice Scott, because it believed he would make a worthy successor. And when Justice Cooke met its expectations, it re-elected him to the bench. Republicans, in each of these instances, were responsible for the success of the Democratic jurists, for it would have been impossible for the Democratic candidates to have reached the supreme bench if party lines had been drawn.

In the last election in the district there was a strong temptation to retire Justice Cooke and select a Republican in his stead.

He was opposed by one element in his party, and it would have been an easy matter to have brought about his defeat by making a party issue of the matter. Many Republican voters and papers—among them the State Journal—took the position that Justice Cooke had earned re-election and the people of the district so decided. They declined to shelve a good justice, even though they did not agree with his politics.

In the coming judicial election in the Fourth district, it so falls that the able, stronger more experienced candidate is a Republican. For that reason, it is assumed that despite the attempts to raise a partisan issue in behalf of Mr. Thompson, fair-minded Democrats will have no hesitancy about voting for Mr. George H. Wilson. They will not be less independent and less mindful of the good of the court than the Republicans have been.

No Democrat need make any excuse for voting for Mr. Wilson. He is a lawyer of marked ability and the highest character. He has filled the office of state's attorney and has been a member of the legislature, serving with distinction and as a recognized leader. He stands high in his profession. He is in the prime of life, physically and mentally fit for the work of the court. He has the equipment and the will to give the state many years of excellent service on the bench.

IT'S AN OLD PLAN AFTER ALL.

F. H. Collier in the St. Louis Globe-Democrat says that Americans who favor the daylight saving plan and who believe this plan is a bit of present day efficiency, should take another look. The records show that Benjamin Franklin just 133 years ago "startled his knickerbocker subscribers with the suggestion that the clocks be turned forward to get an additional hour of daylight." The suggestion, made considerably more than a century ago, was not carried into effect until 1918. It's the way with most everything. There is nothing new about it, if all the facts are known.

TOO MUCH MONEY.

Detroit is paying the penalty of its wonderful business prosperity. A daylight bank holdup was staged there Friday, of the kind that has several times been pulled off in Chicago. Detroit with its marvelous business developments of the past ten years, gives promise of even rivaling the second city of the U. S. in the course of a few more years.

MOVIE CENSORSHIP.

Some of the largest movie producers are making a strong fight against censorship. William A. Brady and others instead of censorship suggest heavy fines for the producer of pictures of a questionable or objectionable kind. They say that a law providing punishment for offenses of this kind, properly and strictly enforced, will bring about all that the reformers want. And there is something to the argument. With boards of censorship of varying views in the different cities, the producers really do have a hard time of it. The remedy of fines would put the question of picture quality up to the authorities of each community.

LORIMER MAY COME BACK.

William Lorimer, it is said, has the prospect of a recent court order restoring to his possession certain securities involved in the fall of the LaSalle street bank, of again becoming wealthy. Lorimer himself has often promised his friends that he would "come back" if given the chance, and would even pay every dollar of his indebtedness.

The political career of this one time powerful leader has been one of the most unique in Illinois. He owed much of his strength and influence to the established reputation he had of never going back on his friends. So many of them stayed with him thru adversity and those who know something of Lorimer's tenacity and his spirit will not be surprised if he again comes into both political and commercial prominence.

A WAR ENGENDERED FRIENDSHIP.

Some years ago even a temporary association of Elks and Salvation Army would have at least been accounted as very surprising. But now nobody is surprised that the Elks have undertaken to manage a Jacksonville and Morgan county campaign to secure the funds the army needs for carrying on its work. During the war the Elks organization performed notable and patriotic service, in many ways making an especially liberal contribution for hospital equipment.

Everybody knows the record that the Salvation Army made in its service for soldiers in the war zone. So the Elks came to a new understanding and appreciation of the Salvation Army and the local arrangement indicates that the war time service of the Salvation Army is not to be forgotten in these after the war days.

WHO WILL VOLUNTEER?

Fifty thousand volunteers are wanted for the U. S. army overseas service. It will be interesting to note just the exact response Uncle Sam gets to this call. It is known that at least 99 per cent of the army men in the overseas service have added hourly anxiety to get home ever since the signing of the armistice. Here at home it was a grievous disappointment to other thousands that they did not get the chance to go overseas. The government has just accomplished the demobilization of nearly 2,000,000 men, and now in the face of that fact the call goes forth for 50,000 volunteers.

To some the announcement is ominous, as they believe there is an underlying fear on the part of the government that there is still trouble ahead in Europe. But the more reasonable view is that the army department desires to release as many as possible of the men now overseas and proposes to fill the places of the men who want to come home with those who have a desire to see something of the old world.

BEWARE OF APATHY.

Every citizen who has the right to vote in the judicial election Tuesday owes it to his community and to the district to exercise that right. George H. Wilson,

the Republican candidate for the supreme bench, is a man of thirty years legal experience. He has thru all these years maintained the highest standing of personal and professional conduct. These years mean that he is a man of ripe experience. His terms of service as a member of the Illinois legislature and his prominence in connection with the general assembly mean that he is familiar with affairs of the state. Members of the supreme court are burdened with work.

They have still more active days in prospect, and Mr. Wilson's election will bring to the bench strength and virility. His election is certain if those in the district who believe in him and appreciate his worth do not fail to vote next Tuesday. The only thing that can accomplish his defeat is apathy.

Rippling Rhymes
By Walt Mason

The Furnace.

I have closed the furnace door till King Winter has returned; and the ashes on the floor represent the cold I've burned, countless tons of costly coal have stippled down my meager roll; oh, gee whizzers, how my soul for the breath of spring has yearned! There's a sort of solemn bliss when we close the furnace door, knowing that till tempests hiss we shall shovel coal no more; many summer days must pass, we shall mow a lot of grass, grow a lot of garden sass, ere we seek the coal man's store. Oh, the furnace has a thirst and a hunger out of sight; feed it till you'd think 'twould bust, and it still has appetite; when the winds are cold and raw and the snow is in the shaw, you must feed its greedy maw all the day and half the night. It's a Moloch that demands sacrifices every hour; taking from our weary hands money that we need for boots and for bees and parsnip roots; and it doesn't care three hoots that our need is dire and dour. I have pawed my overcoat, put a mortgage on the bull, that the red and glowing throat of the furnace might be full; so I'm glad that stunt is o'er, till again the blizzards roar; Spring is smiling at the door, and she seems to be all wool.

FLYING SQUIRRELS.

Mr. Editor.
In reading the Journal this morning I was interested in the paragraph about the flying squirrels. It recalled an experience of my brother, C. G. Draper when he lived in Jacksonville. The family were considerably disturbed by noises in the attic which they supposed to be caused by rats. An old fashioned wire rat trap was set, and the next morning several flying squirrels were found in it. The weather being intensely cold, the little creatures were frozen stiff in death.

S. D.
A number of years ago there was a nest of flying squirrels in the loft over the lecture room of the Congregational church but they have not been seen for some time.

JACOB S. HALL BACK FROM OVERSEAS SERVICE

Was With 27th Division Which Lost 1,400 Men in One Day—Is at Camp Mills Waiting For Discharge.

Mr. and Mrs. Lincoln Hall residing near Markham have received word of the arrival in New York of their son Jacob S. Hall. He was with the 27th division which lost 1,400 men on September 29, 1918 in the battle of the Argonne.

Mr. and Mrs. Hall had not heard from their son since he went to France nearly a year ago and naturally were greatly rejoiced to receive word of his arrival home as they feared perhaps he was dead.

His division sailed from Brest on February 26 and arrived in New York on March 8. A large proportion of the division are natives of New York state and the east and a few days ago the division participated in a parade up Fifth avenue which was the biggest thing in a military way since the war started.

Private Hall is now at Camp Mills awaiting discharge. It is probable he will be mustered out soon and he will receive a warm welcome upon his return home.

A TITANIC ACHIEVEMENT

The production of "Salome" cost approximately \$1,290,000. It took an army of 800 men to build the city of Jerusalem. More than 20 tons of paint were used on the sets and scenery. 500,000 feet of lumber was put into construction—enough to build a good-sized town. 200,000 yards of burlap went into the coverings of the buildings. Nearly an entire menagerie was required for local color: 44 camels, 2,500 horses, 25 donkeys, 20 elephants, goats, sheep, bullocks, oxen, dogs, cats, parrots, doves and peacocks.

Special boilers were installed for the making of steam and light effects. 100 sculptors worked for months on the various sets. 10,000 costumes were made for the players in "Salome" by the William Fox costume department at Hollywood, Cal.

U. S. SOLDIERS SHOW HOSPITAL BRAVERY

Miss Gunhild Johnson Red Cross Nurse Back From Overseas—Tells of Experience With Wounded Men at Nantes—Doughboys Great Fighters But Gentle at Heart

Wearing the comely blue uniform of the Red Cross nurse, with the gold chevron indicating six months' service overseas, Miss Gunhild Johnson came to Jacksonville Saturday for a brief visit and is a guest at the home of Mr. and Mrs. H. V. Stearns on Mound avenue.

Miss Johnson, who was directing the health service in the public schools in Jacksonville prior to the war, enlisted early for Red Cross work and a little more than a year ago was ordered to report at Camp Logan. Just a few days ago Miss Johnson arrived from Brest and after a brief stay in New York City, came on to Jacksonville before going to Chicago to visit her sister and her parents in Iron Mountain, Mich.

Miss Johnson is now on leave permitted under the rules governing the organization to which she is attached, although she is expecting an early release from the service. In conversation yesterday she voiced the sentiments of nurses and army officers in declaring that American soldiers were wonderful in their overseas spirit and accomplishment.

The unit to which Miss Johnson was attached was stationed at a hospital at Nantes, France, for all of the period from August until the date of the return sailing. This was a hospital supposedly of 1,000 beds but during the period of the great offensive in the latter part of September and in October, the established custom was to care for at least 2,500 wounded men. This hospital, No. 11, was one of five American hospitals located in the same general field.

Soldiers Have Gentle Hearts. With the number of patients so far exceeding the actual facilities of the hospital, it was necessary frequently for some of the men whose injuries were less than those of their comrades, to assist in the nursing work.

"One of the most impressive thing to me," said Miss Johnson yesterday, "was the gentleness of these soldiers one toward the other. This was not a matter of speech. They were often rough about that. They'd swear at each other and use language not customary in polite society, but they would accompany this line of talk with gentleness of action and indicate how real was their concern over the suffering and for the welfare of their fellows."

"I have seen great burly men, who in civil life were accustomed to the roughest of work, aiding wounded comrades in the hospitals with all the solicitude that a mother might show a child. The great heart of these men was

characteristic and strange as it may seem; those who had been in the thickest of the fighting and seen the greatest carnage were underneath the surface, the gentlest of them all.

"After finishing the three months' training at Camp Logan, which I confess grew a little irksome, especially because of our earnest desire to get near the battle front, we were transferred to the east for six weeks' further training. At the end of that period the unit of which I was a part sailed on an English ship for Liverpool. Of the group of 100 nurses, many were known to me as nearly all of them were graduates of the Augustana hospital in Chicago, where I took my training. A unit, you know, includes 100 nurses, together with twelve or more officers, a number of stenographers and secretaries, and perhaps 280 men who serve as orderlies and for the general routine work necessary around a hospital. We sailed in August on an English ship with an ample convoy, so that our journey across to Liverpool was somewhat uneventful. We felt so well protected that we had no thought of submarine danger.

Crossed Channel at Night. "We spent one day in Liverpool and then crossed the channel at night into France, that being the custom at that time. We went first to LaHavre and a day or two later found us at Nantes. The marvelous rapidity with which our boys constructed that hospital made a most lasting impression. When we arrived some little work on the hospital barracks had been done and several hundred men were there for treatment. The furnishings were rude and incomplete but our own forces took hold promptly and in less than two weeks' time the buildings and all been completed. Most of our boys and men in civil life had not been in lines of work which would be helpful in this building endeavor, but that lack of experience did not seem to impede their work at all. They kept at it seemingly night and day under the most distracting weather conditions. At the end of the period mentioned we had a hospital with all the facilities that could be expected in such an institution in war time.

"The work was none too rapidly done, for as soon as the thousand beds were in place they were occupied and in a few succeeding days we had demand for all the cot space that we had available. By the latter part of September when the men began coming in to us from Chateau Thierry and later from Argonne, we had 2,500 of the wounded with us instead of the 1,000. While most of our patients were from the American forces, we had some French and English, and at one time at least 100 German prisoners, soldiers who had been wounded and then taken prisoners. The French who came to us were mostly of advanced years while among the German prisoners were many who were mere boys."

Overcrowded Conditions. Although the unit included 100 nurses, at the time of our most strenuous work we had but 45, as the others had been taken on to serve at other hospitals. So with our number reduced there was week after week when we were on duty from 18 to 20 hours out of the 24. A nurse who tries to attend to the wants of 50 wounded men has her hands full, but I must bear testimony to the patience of our soldiers. They showed the greatest self-control and consideration, knowing that it was beyond human power for a nurse to give them each and every one attention at the same time. With rare heart courage these men suffering from wounds, were willing to wait their turn and often they helped each other. It was then that one caught a glimpse of the great heart of the army—of that underlying tenderness that soldiers—perhaps of rough exterior—have one for the other.

"I will never forget one case on my ward, a young soldier who had been terribly wounded, the real surprise being that he had lived at all for hospital treatment. This man was constantly in terrific pain. I would give him what time and attention I could and then appoint other soldiers to watch over him, each one serving for a two hour period. The men were more than willing to give this service for a shattered comrade and somehow the service seemed to help them in forgetting their own wounds. This injured soldier knew that there could be only one end for him and that not far away. His fellows knew it too, but they stayed with him royally thru the days and night until that final hour.

Hospital Service Cited. "A few of the nurses of our unit are broken down in health but most of them stood the strenuous service splendidly. There was some time for recreation and it was only by getting one's mind on other things that the strain was lessened and there came relaxation that made sleep and rest possible.

"We take some just pride in the record of our hospital for we were cited by the surgeon general for the promptness and efficiency of the service given. The hospital too made a notable record in the number of legs and arms saved for wounded soldiers. Our hospital force amputated only when that was absolutely necessary, and the record thus brought commendation from the medical department."

ward voyage was in every way a satisfactory one.

The Home-Coming Thrill. "When we saw the shores of our country and knew the part that America was playing in the world conflict we were very proud overseas and full of patriotic sentiment. But those feelings were nothing as compared with others that came flooding in as the status of liberty was sighted from our homeward bound ship. The returning soldiers all seem to feel something of the same way for when the liberty statue is sighted and the ship's band begins to play "The Star Spangled Banner," feelings well up from the heart that the tongue cannot describe. You know then what it means to feel patriotic—to be proud that you are an American. It's something that somehow gets you in the throat and as to the eyes—well, they're moist at least. Officers, soldiers, nurses all, as they come back from the overseas service, feel the same way. They are glad that they have been over there, to have had some part in the struggle, whatever that part may have been; but they are thrilled too by the thought that once more they are again in the home land—the best country on the globe."

Miss Johnson talks in a very modest but interesting way of her hospital experiences. She brought from overseas a number of pictures and mementoes which her friends will no doubt have the opportunity of seeing, and which will give them some informing and interesting facts from the war zone. Miss Johnson's plans are not fully matured but as indicated above, she will go from Jacksonville to visit relatives in Chicago and Iron Mountain.

Great Achievements. One of the most interesting places that Miss Johnson visited was the great American hospital at St. Nazaire. It is hospital with 10,000 beds and the best equipment that money can buy and science suggest. This hospital, just like the vast storehouses and shipping arrangements and wharf equipment that America produced in less than two years' time, furnished abundant testimony of the ability and organizing strength of the U. S.

24 DAYS IN STATE OF COMA. Beaumont, Texas, March 29.—Thurman McNeal, age 14 of Vol. eight miles north of this city today completed his twenty eighth day in a state of coma. Attending physicians pronounce it a case of "sleeping sickness." The boy appears to be gaining weight, he eats heartily and at times laughs most heartily over what appears to be his dreams.

PLAN WELCOME FOR FLEET. New York, March 29.—A rousing welcome to the Atlantic Fleet on its expected arrival here April 13 after post-war reorganization in Cuban waters is being planned by the war camp community service. The fleet, comprising fourteen dreadnaughts, sixty destroyers, ten submarines and ten supply ships will anchor in the Hudson river for two weeks.

DANIELS AND WEYMSS CONFERENCE. Paris, March 29.—Secretary of the Navy Daniels, Admiral Benson and Admiral Weymss first sea lord of the British admiralty held an extended conference today and it is understood that the question of the disposal of the German war ships was under discussion. No decision as to the ships, however was reached. A number of subjects concerning naval policy also were discussed.

POSTPONE ANTI-PROHIBITION PARADES. New York, March 29.—Indefinite postponement of a nationwide series of anti-prohibition parades and mass meetings planned for April 19, was announced tonight by the association opposed to national prohibition. This step was taken after it was found the date selected because it was the anniversary of the firing of the first gun in the American revolution, also was "Holy Saturday," the day before Easter.

FREIGHT TRAIN HELD UP. La Crosse, Wis., March 29.—Freight train No. 90 on the Chicago, Burlington and Quincy railroad, was held up and the crew robbed of their watches and valuables near East Dubuque during the night it was reported at division headquarters here today.

ARMY TRANSPORT DISABLED. Washington, March 29.—Radio dispatches to the navy department today said the army transport Soranton eastbound with troops on board was disabled about 800 miles east of New York as the result of damage to her rudder. An ocean-going tug has been sent to the vessels aid.

TWO KILLED IN AUTO AND TRAIN CRASH. Atlantic, Iowa, March 29.—Edward Zellmar and John O'Connor, wealthy retired farmers were instantly killed and S. E. McNeerney probably mortally injured when their automobile was demolished by a train here late today.

BARBERS IN TOLEDO. Toledo, O., March 29.—Eugene V. Debs, under sentence to serve ten years in federal prison for violation of the espionage act was barred today by Mayor Corbin Schaefer from making a public appearance.

TRAVELING MEN INSTALL OFFICERS

Jacksonville Council U. C. T. Held Public Installation Program Given.

Jacksonville Council No. 182, United Commercial Travelers held a public installation of the recently elected officers in Odd Fellows Temple, East State street Saturday evening.

The travelers and their families and friends gathered at the temple and heard an excellent program which preceded ceremony of installation. The council was assisted by the U. C. T. Woman's club.

The program which consisted of musical selections and readings had been prepared under the direction of Mrs. Charles K. Moore and Miss Hazel Claus was greatly enjoyed.

Following the program Past Counselor George F. Haigh took charge and installed the officers with impressive ceremonies. A social hour followed and refreshments were served.

One of the features of the evening was a memory test by E. R. Bowns of Illinois College which was thoroughly appreciated. The program:

Vocal solo—Miss Fern Haigh.
Piano solo—Miss Louise Leith.
Reading—Theodore Taylor.
Vocal solo—Mrs. Charles K. Moore.
Violin solo—Byron Craig.
Vocal duet—Mrs. Moore and Miss Hazel Claus.
Piano solo—Miss Jeanette Miller.
Reading—E. R. Bowns.
Vocal solo—Clifford Carlson.
Quartet—Messrs. Schutze, Hagel, Carlson, Gustafson.
Installation.

BODIES RECOVERED. Washington, March 29.—Vice-Admiral Sims informed the navy department today that the bodies of three enlisted men who lost their lives in the torpedoing of the Steamer Westbridge last August 15 had been recovered and buried at Brest.

In conversation yesterday she voiced the sentiments of nurses and army officers in declaring that American soldiers were wonderful in their overseas spirit and accomplishment.

The unit to which Miss Johnson was attached was stationed at a hospital at Nantes, France, for all of the period from August until the date of the return sailing. This was a hospital supposedly of 1,000 beds but during the period of the great offensive in the latter part of September and in October, the established custom was to care for at least 2,500 wounded men. This hospital, No. 11, was one of five American hospitals located in the same general field.

Soldiers Have Gentle Hearts. With the number of patients so far exceeding the actual facilities of the hospital, it was necessary frequently for some of the men whose injuries were less than those of their comrades, to assist in the nursing work. "One of the most impressive thing to me," said Miss Johnson yesterday, "was the gentleness of these soldiers one toward the other. This was not a matter of speech. They were often rough about that. They'd swear at each other and use language not customary in polite society, but they would accompany this life of talk with gentleness of action and indicate how real was their concern over the suffering and for the welfare of their fellows."

"I have seen great burly men, who in civil life were accustomed to the roughest of work, aiding wounded comrades in the hospitals with all the solicitude that a mother might show a child. The great heart of these men was

characteristic and strange as it may seem, those who had been in the thickest of the fighting and seen the greatest carnage were unflinching on the surface, the gentlest of them all."

"After finishing the three months' training at Camp Logan, which I confess grew a little irksome, especially because of our earnest desire to get near the battle front, we were transferred to the east for six weeks' further training. At the end of that period the unit of which I was a part sailed on an English ship for Liverpool. Of the group of 100 nurses, many were known to me as nearly all of them were graduates of the Angustana hospital in Chicago, where I took my training. A unit, you know, includes 100 nurses, together with twelve or more officers, a number of stenographers and secretaries, and perhaps 280 men who serve as orderlies and for the general and extensive work necessary around a hospital. We sailed in August on an English ship with an ample convey so that our journey across to Liverpool was somewhat uneventful. We felt so well protected that we had no thought of submarine danger."

Crossed Channel at Night.

"We spent one day in Liverpool and then crossed the channel at night into France, that being the custom at that time. We went first to LaHavre and a day or two later found us at Nantes. The marvelous rapidity with which our boys constructed that hospital made a most lasting impression. When we arrived some little work on the hospital barracks had been done and several hundred men were there for treatment. The furnishings were rude and incomplete but our own forces took hold promptly and in less than two weeks' time the buildings and all been completed. Most of our boys and men in civil life had not been in lines of work which would be helpful in this building endeavor, but that lack of experience did not seem to impede their work at all. They kept at it seemingly night and day, under the most distracting weather conditions. At the end of the period mentioned we had a hospital with all the facilities that could be expected in such an institution in war time."

"The work was none too rapidly done, for as soon as the thousand beds were in place they were occupied and in a few succeeding days we had demand for all the cot space that we had available. "By the latter part of September when the men began coming in to us from Chateau Thierry and later from Argonne, we had 2,500 of the wounded with us instead of the 1,000. While most of our patients were from the American forces, we had some French and English, and at one time at least 100 German prisoners, soldiers who had been wounded and then taken prisoners. The French who came to us were mostly of advanced years while among the German prisoners were many who were mere boys."

Overcrowded Conditions. Also at the time of our most strenuous work we had but 45, as the others had been taken on to serve at other hospitals. So with our number reduced there was week after week when we were on duty from 18 to 20 hours out of the 24. A nurse who tries to attend to the wants of 50 wounded men has her hands full, but I must bear testimony to the patience of our soldiers. They showed the greatest self-control and consideration, knowing that it was beyond human power for a nurse to give them each and every one attention at the same time. With rare heart courage these men suffering from wounds, were willing to wait their turn and often they helped each other. It was then that one caught a glimpse of the great heart of the army—that underlying tenderness that soldiers—perhaps of rough exterior—have one for the other."

"I will never forget one case on my ward, a young soldier who had been terribly wounded, the real surprise being that he had lived at all for hospital treatment. This man was constantly in terrific pain. I would give him what time and attention I could and then appoint other soldiers to watch over him, each one serving for a two hour period. The men were more than willing to give this service for a shattered comrade and somehow the service seemed to help them in forgetting their own wounds. This injured soldier knew that there could be only one end for him and that not far away. His fellows knew it too, but they stayed with him royally thru the days and night until that final hour."

Hospital Service Cited.

"A few of the nurses of our unit are broken down in health but most of them stood the strenuous service splendidly. There was some time for recreation and it was only by getting one's mind on other things that the strain was lessened and there came relaxation that made sleep and rest possible."

"We take some just pride in the record of our hospital for we were cited by the surgeon general for the promptness and efficiency of the service given. The hospital too made a notable record in the number of legs and arms saved, for wounded soldiers. Our hospital force amputated only when that was absolutely necessary, and the record thus brought commendation from the medical department."

"When the armistice was signed there was almost an immediate lessening of the work to be done, but hundreds of wounded men still continued to come to us and other hundreds suffering from disease of one kind or another, so that the hospital work never lagged. We were eager for the home-coming and when the order arrived, although less than 24 hours was given us to prepare for the return, we were mighty glad to make haste. We sailed from Brest March 11 and the home-

ward voyage was in every way a satisfactory one."

The Home-Coming Thrill.

"When we saw the sacrifices of our soldiers and knew the part that America was playing in the world conflict we were very proud overseas and full of patriotic sentiment. But those feelings were nothing as compared with others that came flooding in as the statue of liberty was sighted from our homeward bound ship. The returning soldiers all seem to feel something of the same way for when the liberty statue is sighted and the ship's band begins to play "The Star Spangled Banner," feelings well up from the heart that the tongue cannot describe. You know then what it means to feel patriotic—to be proud that you are an American. It's something that somehow gets you in the heart. It clutches at the throat and as to the eyes—well, they're moist at least. Officers, soldiers, nurses all, as they come back from the overseas service, feel the same way. They are glad that they have been over there, to have had some part in the struggle, whatever that part may have been; but they are thrilled too by the thought that once more they are again in the home land—the best country on the globe."

Miss Johnson talks in a very modest but interesting way of her hospital experiences. She brought from overseas a number of pictures and mementoes which her friends will no doubt have the opportunity of seeing, and which will give them some informing and interesting facts from the war zone. Miss Johnson's plans are not fully matured but as indicated above, she will go from Jacksonville to visit relatives in Chicago and Iron Mountain.

Great Achievements.

One of the most interesting places that Miss Johnson visited was the great American hospital at St. Nazaire. It is hospital with 10,000 beds and the best equipment that money can buy and science suggest. This hospital, just like the vast storehouses and shipping arrangements and wharf equipment that America produced in less than two years' time, furnished abundant testimony of the ability and organizing strength of the U. S.

GEORGE H. WILSON
Quincy, Ill.

Republican Candidate for Justice of the Supreme Court HIS RECORD SPEAKS FOR ITSELF

State's Attorney of Adams, a Democratic county, 1896-1900. Corporation counsel of Quincy, a Democratic City, 1907-8.

Four times elected to the Illinois General Assembly. Acknowledged leader in Constructive Legislation. A lawyer of twenty-eight years' experience. "As a man and a citizen his record is flawless."

ATTORNEY GENERAL BRUNDAGE SAYS

"I know him to be of judicial temperament, energetic, and well grounded in the law. His twenty-eight years of active practice, his varied experience and his studious character fit him for the Supreme Court. I wish him success."

CONGRESSMAN W. J. GRAHAM SAYS: "I regard him very highly as a lawyer and as a legislator. I know him to be well fitted for the position he seeks and will give him my cordial support."

FROM EDITORIAL, ROCK ISLAND UNION: "George H. Wilson possesses every qualification to make him a useful and valuable member of that important court. His knowledge of law covers the entire field of jurisprudence, gained by actual experience."

FROM EDITORIAL, QUINCY WHIG: "Mr. Wilson in his public life has been broad, comprehensive. Illinois must soon have a better constitution. The first step is to make

England, after eleven days voyage. From Liverpool they were sent to Southampton, and from there across the English channel to La Havre, France.

His command was stationed at Agde, France, and there Mr. Miller said he received nearly three weeks of the most strenuous training he had ever experienced. On Nov. 8 his unit received word to proceed to the front to get into action. For three days it was held up and then came the signing of the armistice. Mr. Miller said there surely was some celebration and rejoicing when the news came.

Mr. Miller's command was transferred to Nantes after the armistice was signed to medical replacement camp. He was then assigned to headquarters training school for sanitary troops first replacement depot M. C.

On January 10 he was assigned to casual co. 941 Massachusetts. He was sent to St. Augman in February and then to Brest where the division embarked on the U. S. S. Nebraska February 25 for home.

Port was made at the Commonwealth Pier, Boston, Mass., where they were met by the Red Cross and furnished with refreshments. The people of Boston and vicinity turned out en masse to greet the soldiers many of whom were from Boston.

After a short stay at Camp Devens, Mr. Miller was transferred to Camp Taylor where he received his honorable discharge on March 27.

While Miller enjoyed his army experience greatly and looks to be in the best of health, nevertheless he says that after all there is no place like Jacksonville and home and he is glad to be back with home folks and friends again.

MAE MARSH DELIGHTFUL IN "THE BONDAGE OF BARBARA"

Mae Marsh cleverly combines whimsical comedy and gripping drama in her new Goldwyn Picture, "The Bondage of Barbara," which comes to the Rialto Theatre Monday and Tuesday. She finds her happiest role as the "little mother" of a weak younger brother, for whose shortcomings she holds herself responsible. He is used by two individuals to gain their own ends. One is "Slick" Simmons, keeper of a questionable resort. The other is Jack Newton, son of Barbara's employer. Tony, the brother, is eager to escape his sister's care and seek his fortune in New York.

MOLINE CORDIAL TO D. A. R. DELEGATES

Important Matters Considered at State Conference—Women of Two Cities Extended Hospitality.

Miss Elsie Trabue, regent of Rev. James Caldwell chapter D. A. R., and Miss Elsie Epler, delegate, were in Moline for the annual three day conference of the D. A. R. which closed Saturday afternoon. The sessions were held at the First Congregational church, and the delegates were unanimous in their praise of the Moline and Rock Island women. The conference was one of the most profitable ever held in the state, and various matters of vital importance to the organization were discussed.

The election of officers resulted in the renaming of all except the registrar, Mrs. Noble C. Shure, of Chicago, who declined to serve for the ensuing year. The officers are: Regent, Mrs. John H. Hanley, Monmouth; vice regent, Mrs. H. E. Chubbuck, Peoria; state recording secretary, Mrs. Nevin C. Lescher; Galesburg; state correspondence secretary, Mrs. Arthur L. Warnen, Elgin; treasurer, Mrs. H. C. Eittinger, Springfield; state consulting registrar, Mrs. Helen Finley Dalley, Aurora; state historian, Mrs. Fred Ball, Clinton; librarian, Miss Elsie Epler, Jacksonville.

Among the brilliant social affairs in connection with the conference was the dinner given by Mrs. William Butterworth, Wednesday evening. Everything in connection with this affair was most elaborate and was thoroughly enjoyed by the delegates. On Thursday afternoon the home of Mrs. Frank Ga' was the scene of a tea given by the delegates, alternates and hostesses. There were 150 women present at this informal affair. The reception given Thursday evening at the home of Mrs. William Butterworth was another pleasant social event. The state officers were in the receiving line and were as follows:

Mrs. Matthew T. Scott of Bloomington, Ill., and Washington, D. C., honorary president general; Mrs. George T. Page of Peoria, a former state regent; Mrs. Harry Ainsworth of Moline, Regent of the Mary Little Deere, the hostess chapter, Mrs. Robert Hall Wiles of Chicago, national president of the Daughters of 1812, and Mrs. F. W. Bahnsen of Rock Island, former state regent.

CONGRESSMAN YATES ENDORSES MR. WILSON

Richard Yates, Congressman at Large from Illinois, has addressed the following letter concerning the supreme court candidacy of George H. Wilson to a number of his friends in this district. Congressman Yates' letter says:

Springfield, Ill., Mar. 27, 1919.

Dear Sir and Friend: I am writing a number of friends asking them to support actively and vigorously the candidacy of George H. Wilson of Quincy, who is Republican nominee for Justice of the Supreme Court.

The present members of our Supreme Court are all hard workers. They are devoted to their killing and thankless task with that intense application of the deep student, which is indispensable. And notwithstanding their industry and conscientiousness, they have all they can do, and more.

Ability and industry, experience and application, conscience and culture, all being essential and all being characteristic of the present Bench, how important it is that every Supreme Judicial District improve the opportunity to fill any vacant seat with a man who will truly fill that seat. Such an opportunity has now come to your district, and I hope you will support with vigor the movement to elevate Mr. Wilson, and make him "Supreme Justice Wilson."

DR. BEARDSLEY TO ADDRESS FORUM

Those who know H. M. Beardsley of Kansas City will not need to be reminded that he is an outstanding speaker. Interested in all movements that make for community betterment Dr. Beardsley has held practically all the important city offices open to a layman. He was one of the best mayors Kansas City ever had. His interest in the welfare of young men led to adopt the Young Men's Christian Association of Kansas City and since 1902 he has been its president.

He is the retiring moderator of the Congregational churches of America, an office filled only by those who have the confidence of the church body. Who's Who sketches the life of H. M. Beardsley as one which has been effective as a citizen of repute. This evening Mr. Beardsley speaks at the Community Forum at the Congregational church on "The Ending of Wars." He is a splendid speaker and has a subject which will appeal to thinking people.

MINUTE MEN TO SPEAK

It is expected that one or more minute men will speak at Lynnvill and Mt. Zion M. E. churches Sunday. They should have a large hearing.

TO THE VOTERS OF JACKSONVILLE:

Thirty-three citizens, of their own free will and accord, it appears from the returns wrote my name on their ballots as a candidate for City Clerk at the primary election held on March 11th. I was not an avowed candidate, or I should have filed a petition as was suggested to me. Of the thirty-three voters, I knew of the intentions of only three previous to the election and since then possibly eight or ten have told me how they voted. Of the remainder, I am not yet aware of their identity. However, since these friends (?) of mine went to the trouble of writing the name on their ballots and as many others have urged me to become a candidate, I have to let it go at that and if elected, in April, that I will serve to the best of my ability. I do not feel, as has been intimated to me on one or two occasions, that I am attempting wrongfully to deprive any one of "his job", because up to date what support I have received has been voluntarily offered and wholly unsolicited. Furthermore, the position is one to which each and every citizen of Jacksonville has the same right to aspire as any other citizen. I believe in a fair, clean contest and so far as I am concerned, nothing of a personal nature will be injected into this one, nor sanctioned by me if started by others.

I am heartily in accord with the views and sentiments of a local minister, whom I heard preach a sermon on politics a short time ago. He said every good citizen took an interest in politics and exercised his voting prerogative whenever opportunity offered. He advised voters to study the lives of not only the candidates, but also their friends and enemies. I do not know who my enemies are or may be, but I certainly am not ashamed of my friends and associates, or their records.

I lived in Morgan county for twenty years, and attended the High School and Illinois College in Jacksonville; am an Alumnus of the latter institution. Later I went west with the well known firm of Greenleaf & Baker of this city, returning home five years ago. My occupation has been largely that of a bookkeeper and general office work, with five years in newspaper work. For the last five years I have been with J. Capps & Sons.

W. N. Hairgrove Again Files Objections to Name of E. E. Crabtree Appearing on Ballot in City Election.

As mentioned before the vote of the recent city election was canvassed last Monday by a canvassing board consisting of H. J. Rodgers, mayor; W. F. Widmayer, acting city clerk, and John J. Reeve, city attorney. Saturday a formal report including the names of the nominees was certified to the city clerk. Afterward formal notice was sent thru the mail to each candidate indicating the fact that nomination had been certified.

In the afternoon W. N. Hairgrove, acting as attorney for John S. Green, filed with Acting Clerk Widmayer objections to the placing of the name of E. E. Crabtree on the official ballot. The form of objection was practically the same as that used in the objection Mr. Hairgrove filed two weeks ago, in the name of Mr. Green. It is understood this action was taken because of the canvass of the votes. It is presumed that at a meeting Monday the canvassing board will consider the objections filed.

The "Laundress" Who Does Bed Linen So Exquisitely

Clean, crisp bed linens are so attractive—so conducive to healthful rest, but the average laundress does not relish the task of doing them. Besides the home laundry is not equipped to do them properly.

At a reasonable cost we will do your linens every week in our sunny workrooms. We have scientific equipment and methods for handling the finest pieces.

They are washed in clear, pure water and the mildest of soap chips. The water passes and repasses through the fabric. The result is complete cleanliness without injury to the goods. They are not rubbed on a rough wash board.

We do not iron linens with a heavy iron, but press them between the softly padded surfaces of a roller ironer. This gives a smooth velvety finish that is a delight to the eye.

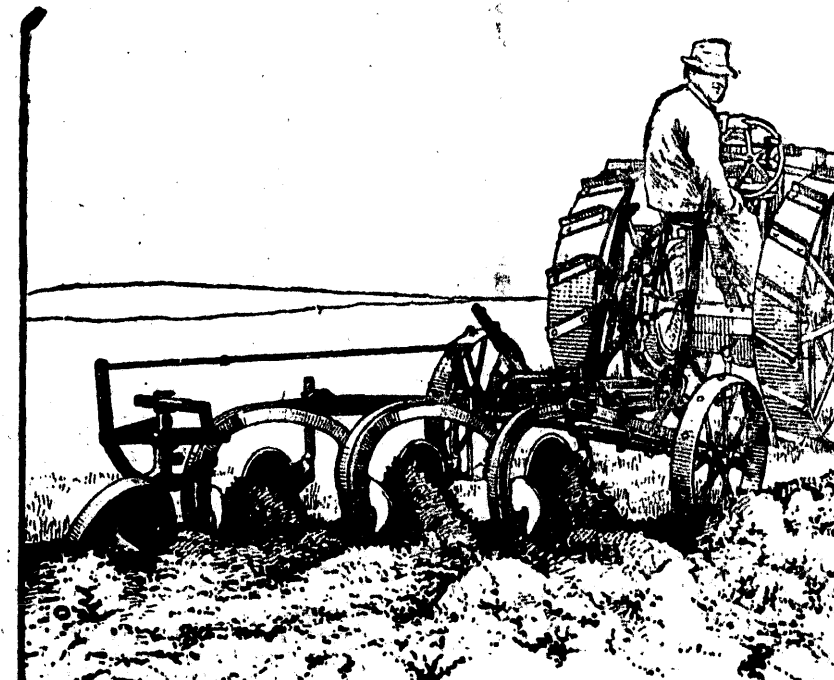

We will demonstrate on your first bundle the superiority of modern methods over the best home work.

EMMETT MILLER IS BACK FROM FRANCE

Jacksonville Boy Was With Cyclone Division in the Medical Corps—Landed Service But Glad to Get Back Home.

Emmett Miller, who has been with the Cyclone division in the medical corps in overseas service several months past is at home again, having received his honorable discharge at Camp Taylor, Ky., a few days ago.

The young man left Jacksonville in May for Camp Shelby, Miss., where he was assigned to ambulance company. He remained there in active training for four months.

September 17 he was sent to Camp Mills, Long Island, where he spent two weeks. He then sailed for Hoboken, N. J., in the Australian ship Zelandia, October 6, landing at Liverpool, England, after eleven days voyage.

From Liverpool they were sent to Southampton, and from there across the English channel to La Havre, France.

His command was stationed at Agelutiel and there Mr. Miller said he received nearly three weeks of the most strenuous training he had ever experienced.

On Nov. 3 his unit received word to proceed to the front to get into action. For three days it was held up and then came the signing of the armistice. Mr. Miller said there surely was some celebration and rejoicing when the news came.

Mr. Miller's command was transferred to Nantes after the armistice was signed to medical replacement camp. He was then assigned to headquarters training school for sanitary troops first replacement depot M. C.

On January 10 he was assigned to casual co. 941 Massachusetts. He was sent to St. Augman in February and then to Brest where the division embarked on the U. S. S. Nebraska February 25 for home.

Port was made at the Commonwealth Pier, Boston, Mass., where they were met by the Red Cross and furnished with refreshments. The people of Boston and vicinity turned out en masse to greet the soldiers, many of whom were from Boston.

After a short stay at Camp Devens, Mr. Miller was transferred to Camp Taylor where he received his honorable discharge on March 27.

While Miller enjoyed his army experience greatly and looks to be in the best of health, nevertheless he says that after all there is no place like Jacksonville and home and he is glad to be back with home folks and friends again.

MOLINE CORDIAL TO D. A. R. DELEGATES

Important Matters Considered at State Conference—Women of Two Cities Extended Hospitality.

Miss Elie Trabue, regent of Rev. James Caldwell chapter D. A. R. and Miss Elie Epler, delegate, were in Moline for the annual three day conference of the D. A. R. which closed Saturday afternoon.

The sessions were held at the First Congregational church and the delegates were unanimous in their praise of the hospitality accorded them by the Moline and Rock Island women.

The conference was one of the most profitable ever held in the state, and various matters of vital importance to the organization were discussed.

The election of officers resulted in the renaming of all except the registrar, Mrs. Noble C. Shumway, of Chicago, who declined to serve for the ensuing year.

The officers are: Regent, Mrs. John H. Hanley, Monmouth; vice regent, Mrs. H. E. Chubbuck, Peoria; state recording secretary, Mrs. Nevin C. Lescher, Galesburg; state corresponding secretary, Mrs. Arthur L. Warnen, Elgin; treasurer, Mrs. H. C. Ettinger, Springfield; state consulting registrar, Mrs. Helen Finley Dalley, Aurora; state historian, Mrs. Fred Hall, Clinton; librarian, Miss Elie Epler, Jacksonville.

Among the brilliant social affairs in connection with the conference was the dinner given by Mrs. William Butterworth, Wednesday evening. Everything in connection with this affair was most elaborate and was thoroughly enjoyed by the delegates.

On Thursday afternoon the home of Mrs. Frank G. was the scene of a tea given by the delegates, alternates and hostesses. There were 150 women present at this informal affair.

The reception given Thursday evening at the home of Mrs. William Butterworth was another pleasant social event. The state officers were in the receiving line and were as follows:

Mrs. Matthew T. Scott of Bloomington, Ill., and Washington, D. C. honorary president general; Mrs. George T. Page of Peoria, a former state regent; Mrs. Harry Ainsworth of Moline, Regent of the Mary Little Deere, the hostess chapter, Mrs. Robert Hall Wiles of Chicago, national president of the Daughters of 1812, and Mrs. F. W. Bahnsen of Rock Island, former state regent.

CONGRESSMAN YATES ENDORSES MR. WILSON

Richard Yates, Congressman at Large, from Illinois, has addressed the following letter concerning the supreme court candidacy of George H. Wilson to a number of his friends in this district.

Springfield, Ill., Mar. 27, 1919. Dear Sir and Friend: I am writing a number of friends asking them to support actively and vigorously the candidacy of George H. Wilson of Quincy, who is Republican nominee for Justice of the Supreme Court.

The present members of our Supreme Court are all hard workers. They are devoted to their killing and thankless task with that intense application of the deep student, which is indispensable. And notwithstanding their industry and conscientiousness, they have all they can do, and more.

Ability and industry, experience and application, conscience and culture, all being essential and all being characteristic of the present Bench, how important it is that every Supreme Judicial District improve the opportunity to fill any vacant seat with a man who will truly fill that seat. Such an opportunity has now come to your district, and I hope you will support with vigor the movement to elevate Mr. Wilson, and make him "Supreme Justice Wilson."

W. N. Hairgrove Again Files Objections to Name of E. E. Crabtree Appearing on Ballot in City Election.

As mentioned before the vote of the recent city election was canvassed last Monday by a canvassing board consisting of H. J. Rodgers, mayor; W. P. Widmayer, acting city clerk, and John J. Reeve, city attorney. Saturday a formal report including the names of the nominees was certified to the city clerk.

Afterward formal notice was sent thru the mail to each candidate indicating the fact that nomination had been certified.

In the afternoon W. N. Hairgrove, acting as attorney for John S. Green, filed with Acting Clerk Widmayer objections to the placing of the name of E. E. Crabtree on the official ballot. The form of objection was practically the same as that used in the objection Mr. Hairgrove filed two weeks ago. In the name of Mr. Green it is understood this action was taken because of the canvass of the votes. It is presumed that at a meeting Monday the canvassing board will consider the objections filed.

GEORGE H. WILSON

Quincy, Ill.

Republican Candidate for Justice of the Supreme Court

HIS RECORD SPEAKS FOR ITSELF

State's Attorney of Adams, a Democratic county, 1896-1900. Corporation counsel of Quincy, a Democratic City, 1907-8.

Four times elected to the Illinois General Assembly. Acknowledged leader in Constructive Legislation. A lawyer of twenty-eight years' experience. "As a man and a citizen his record is flawless."

ATTORNEY GENERAL BRUNDAGE SAYS:

"I know him to be of judicial temperament, energetic, and well grounded in the law. His twenty-eight years of active practice, his varied experience and his studious character fit him for the Supreme Court. I wish him success."

CONGRESSMAN W. J. GRAHAM SAYS:

"I regard him very highly as a lawyer and as a legislator. I know him to be well fitted for the position he seeks and will give him my cordial support."

FROM EDITORIAL, ROCK ISLAND UNION:

"George H. Wilson possesses every qualification to make him a useful and valuable member of that important court. His knowledge of law covers the entire field of jurisprudence, gained by actual experience."

FROM EDITORIAL, QUINCY WHIG:

"Mr. Wilson in his public life has been broad, comprehensive. Illinois must soon revise her state constitution. The interpretation, to make it a working theory, calls for men of Mr. Wilson's ability, experience and training on the Supreme bench."

MOLINE DISPATCH:

"He is a lawyer of ability, integrity and experience."

LIBERTY LOAN CONFERENCE.

C. A. Johnson, vice president of the Elliott State Bank, will go to St. Louis tonight to be present at a conference of state and district managers of the Liberty loan organization tomorrow. At this time plans with reference to the coming sales campaign will be definitely outlined. The organization is having more difficulty in preparatory work for this loan, as some of the county and district officers who have served before, are reluctant to take on the same work, now that the war is over. In general, tho, it is true that there is promise that the campaign will be pushed forward with rapidity and success, for the terms offered are liberal and the suggested rate of interest high. These securities, it is understood, will be offered for a 5 year period.

BOARD MEMBERS TO BE CHOSEN SOON.

There has been so much of interest in other elections that few people have given much thought to the early approach of the spring election for members of the board of education. Under the present organization plan the president and three members of the board are elected each year.
The members whose terms are now expiring are Major Carl E. Black, T. H. Rapp and Henry Muehlhausen. It is likely that all of these candidates will stand for re-election and the same will probably be true of President Lippincott. The board of education has had some important questions to meet in the past few months and coming months will also present onerous duties.

Domestic Science Round Table Meets.

Mrs. O. B. Graft was hostess to members of the Domestic Science Round Table Saturday afternoon at her home on Sandusky street. About 100 members of the club were present to enjoy the excellent program which had been prepared. The president, Mrs. Herbert Capps, presided and reports were given by Mrs. Ben Lorton, the secretary, and Mrs. Clark Green, treasurer. Mrs. O. F. Buffe, chairman of the program committee, announced that the next meeting will be held at the Woman's College on April 26, at which time the program will be in charge of Miss Edna Gray of the college faculty, and the subject will be "What shall we wear this year and next."

The Saturday afternoon meeting began with the singing of America, and a number of talks were made on the afternoon's subject, "Home Gardening." Mrs. Ben Lorton talked on "The Preparation of the Seed and the Soil." Mrs. T. J. Pitner's theme was "Home Gardening," and Mrs. J. Parker Doan discussed "Conservation of the Home Garden." At the close of the formal program came a social hour, during which the hostess served delicious refreshments. Miss Gunhild Johnson, who has but recently returned from France, was the guest of the club.

The hospital Aid society will meet at the hospital Thursday.

MEMORIAL SHADE TREES

New York is planning long avenues to be bordered by beautiful shade trees, each one marked by a soldier's name on imperishable metal.

Rockford, Illinois planted a tree, thus marked, for every soldier that left here for the war. Other towns and cities in Illinois have followed her good example.

And now our "War Mothers of America," at a recent meeting voted to do the same at Nichols park and on the long avenues. We hope will be planned around the new reservoir connecting with the park.

Committees will be appointed to consult with the park board, and all details thoroughly worked out. It is believed all mothers, wives, relatives, and friends of our soldiers will be interested in this memorial to our loved ones. Thirty or forty years from now with what pride will the old soldiers return with their children and grandchildren to walk under the shade of these trees and point their own names placed there by a grateful people.

LIBERTY LOAN CONFERENCE.

C. A. Johnson, vice president of the Elliott State Bank, will go to St. Louis tonight to be present at a conference of state and district managers of the Liberty loan organization tomorrow. At this time plans with reference to the coming sales campaign will be definitely outlined. The organization is having more difficulty in preparatory work for this loan, as some of the county and district officers who have served before, are reluctant to take on the same work, now that the war is over. In general, tho, it is true that there is promise that the campaign will be pushed forward with rapidity and success, for the terms offered are liberal and the suggested rate of interest high. These securities, it is understood, will be offered for a 5 year period.

BOARD MEMBERS TO BE CHOSEN SOON.

There has been so much of interest in other elections that few people have given much thought to the early approach of the spring election for members of the board of education. Under the present organization plan the president and three members of the board are elected each year. The members whose terms are now expiring are Major Carl E. Black, T. H. Rapp and Henry Muehlhausen. It is likely that all of these candidates will stand for re-election and the same will probably be true of President Lipincott. The board of education had some important questions to meet in the past few months and coming months will also present onerous duties.

Domestic Science Round Table Meets.

Mrs. C. B. Graff was hostess to members of the Domestic Science Round Table Saturday afternoon at her home on Sandusky street. About 100 members of the club were present to enjoy the excellent program which had been prepared. The president, Mrs. Herbert Capps, presided and reports were given by Mrs. Ben Lorton, the secretary, and Mrs. Clark Green, treasurer. Mrs. O. F. Buße, chairman of the program committee, announced that the next meeting will be held at the Women's College on April 26, at which time the program will be in charge of Miss Edna Gray of the college faculty, and the subject will be "What shall we wear this year and next."

The Saturday afternoon meeting began with the singing of America, and a number of talks were made on the afternoon's subject, "Home Gardening." Mrs. Ben Lorton talked on "The Preparation of the Seed and the Soil," Mrs. T. J. Pitner's theme was "Home Gardening," and Mrs. J. Parker Doan discussed "Conservation of the Home Garden." At the close of the formal program came a social hour, during which the hostess served delicious refreshments. Miss Gunhild Johnson, who has but recently returned from France, was the guest of the club.

SERG. COLEY SOON TO RETURN.

Mrs. Coley of Westminster street received yesterday a letter from her husband, Sergeant Coley who has been in the overseas service of the army, indicating that his early return may be expected. In fact, Mrs. Coley is hoping to receive a telegram today or tomorrow telling of her husband's arrival in New York. The letter which came yesterday was dated Feb. 12 and was the first one received for a number of months, as mail has been very irregular to and from the post where Sergt. Coley has been located.

Diamond Tires

You Wouldn't Hike in Dress Shoes

Suppose, for example, you had a lot of walking to do, day after day,—would you wear flimsy-soled dress shoes? Of course not—for you'd see to it that your shoes were the tough-soled, substantial, serviceable sort. The same holds with the "shoes" for your automobile. You want your car to keep going on one set of tires as long as possible.

Diamond Squeegee Tread Tires

—the tires with the red sidewalls,
—are the tough-treaded, substantial, serviceable tires that will give you the long mileage you have hoped for,—plus a little more for good measure. If you want a tire that will make you come back for more, buy a DIAMOND.

WILL ADVANCE LOAN

ON PICTURE SCREEN

WASHINGTON, March 29.—Resources of the motion picture industry have been mobilized for the victory liberty loan drive, beginning April 21. The treaty announced today that appeals which would be conveyed to bond buyers thru the silent drama would form the most extensive propaganda campaign ever conducted by means of the screen theaters.

5,000 U. S. RIFLES TO USE AGAINST VILIA

EL PASO, Texas, March 29.—Five thousand rifles, a quantity of ammunition and other war elements will be crossed here tomorrow for the Mexican federal government in the north. The rifles and ammunition were made for the American army overseas but were never used. They will be used in the campaign against Villa's followers in northern Mexico and to protect the American-owned mining properties in the isolated districts frequented by Villa.

It was said here that the rifles were permitted to be exported on condition that these foreign properties be properly guarded against Villa who threatened to destroy them unless a ransom of \$1,000,000 gold was paid him by these companies by March 1.

WAGE EXCHANGE CENTER

LONDON, March 29.—(Via Montreal).—Leaders of various labor organizations in the empire are urging on the government the desirability of establishing an imperial exchange system.

The proposed scheme includes the linking up of all existing national employment exchanges throughout the empire, the elimination of all commercial exploitations and the stimulation of facilities to provide emigrants with a preliminary manual training in order to fit them for life overseas.

BISHOP MCCORMICK SAILS FOR OVERSEAS

New York, March 29.—Right Rev. John N. McCormick, bishop of western Michigan, was one of 725 passengers who sailed today on the British Steamer Baltic for Liverpool. Bishop McCormick announced he would probably remain overseas for several months, supervising the work of the war administration of the Episcopal church. He will have headquarters in Paris.

ACTORS THREATEN TO STRIKE

LONDON, March 29.—An actors' strike is threatened in the United Kingdom. The executive committee of the Actors' Association with which the theatrical employers, musicians and vaudeville performers are cooperating today decided to recommend to a general meeting to be held Sunday that no member of the association appear in a cast not entirely composed of members of the association.

CURRENCY FOR YANKS

New York, March 29.—Transfer of \$5,000,000 in currency from the U. S. sub-treasury to the steamship von Steuben, which sails tomorrow, was made here today to be used in exchanging French francs into American dollars for American soldiers on the eve of their departure aboard transports for home.

RECOMMENDED FOR REGULAR ARMY

Camp Grant, Ill., March 29.—Three hundred and five Camp Grant officers holding temporary or reserve commissions have been recommended for appointment to the regular army. Lieut. Col. James M. Hutchinson, 161st depot brigade, is the senior officer on the list, which includes thirteen majors.

Paris, March 29.—(Havas).—Premier Clemenceau today received Josephus Daniels, American secretary of the navy, at his office today.

PARIS, March 29.—Raoul Villain was acquitted by a jury today of the murder on July 31, 1914, of the French Socialist leader Jean Jaurès.

WASHINGTON, March 29.—General Pershing has called a call for more reading matter for the soldiers overseas. He says it is needed now more than ever.

PARIS, March 29.—The Havas Agency believes it certain that General Mangin will direct operations against Hungary, with headquarters in Rumania, and that General Henrys will command the Polish troops.

COPENHAGEN, March 29.—With a factory official, his wife and two other women in the former king's box at the national opera house in Budapest, protesters control of theaters with reduced prices for the workers was entered upon Friday, according to a despatch from the Hungarian capital.

PARIS, March 29.—Lombard was heavily shelled by the Ukrainians from Monday until Tuesday morning, according to a Havas despatch from Warsaw. Scores of civilians were killed and hundreds wounded. St. George's Cathedral, the archbishop's palace were badly damaged.

LONDON, March 29.—Foreign Minister Bala Kun has issued a decree extending the protection of the "Hungarian soviet republic" to the foreign military missions in Budapest, a Hungarian wireless despatch received here today says.

PARIS, March 29.—Havas.—The council of foreign secretaries and foreign ministers organized Friday will meet Tuesday to hear the report of the peace conference commission on Czech-Slovak affairs. Paul Dutasta the general secretary of the peace conference went to Versailles today to arrange details to the signing of the preliminary treaty.

PARIS, March 29.—Havas.—According to news from a German source, says the Temps, the Bolshevik revolt recently reported in Bessarabia has progressed to the Danube.

PARIS, March 30.—(By the Associated Press).—The commission on responsibility for the war has decided:

First, solemnly to condemn the violation of neutrality and all the crimes committed by the Central Empires.

Second, the appointment of an international tribunal to judge all those responsible, including the former German emperor.

MANCHESTER, March 29.—(British Wireless Service).—Viscount Bryce, former ambassador to the United States in the special edition today of the Manchester guardian, on the question of a league of nations, says:

"To leave things where they were before the outbreak of the war would be the most deplorable, confession of human weakness and the most dismal of human hopes that has even been known."

PARIS, March 29.—Havas.—As soon as the text of the peace preliminaries is adopted by the great powers the German plenipotentiaries will be instructed to proceed to Versailles, where they will be housed. In a hotel commandeered by the city. Preparations for their accommodation will take three weeks, and it is not believed that the meeting of the Germans and the representatives of the allied powers can be held before the day after Easter.

PARIS, March 29.—(By the Associated Press).—The report of the commission on responsibility for the war has been submitted to the peace conference. The official statement regarding its final work says:

"The committee on responsibility for the war held its last meeting this evening. Its general report has been transmitted to the conference, under whose control it henceforth will be."

"Sir Ernest Pollock, the British solicitor general, expressed the thanks of the commission to Secretary Lansing for the excellent and liberal spirit in which he had presided over the discussions."

WINCHESTER
Winchester, March 29.—Miss Virginia Hainsworth and Richard Winchamper, daughter of the high school at an informal dance Friday evening at Balesley's hall. The hours were from 8 to 11 o'clock. A good musical program was furnished and all enjoyed the evening to the full.

FORMER RESIDENT DIES IN FRANCE

Havas Agency, who has been in France since 1914, has been in France since 1914.

Mr. and Mrs. W. E. Henry of Murrayville, yesterday received a letter telling of the death of Mrs. Henry's brother, Harvey E. Rogers, of the American overseas forces. The young man, who was attached to Co. L of the 16th Infantry, died Feb. 15, at Camp Hospital No. 26 at Noyers, France. This soldier was formerly a resident of the Rogers family, but his family had for several years been resident at Savoy, Mont., and he enlisted there. The deceased was a son of Mr. and Mrs. George H. Rogers, formerly residents of the Murrayville neighborhood. He is survived by his parents and the following brothers and sisters: Mrs. W. E. Henry, Murrayville; Mrs. Herbert Owings, Scottville; Mrs. Vina Pierson, North Dakota; Eli and Everett Rogers and Mrs. James Ellington, Murrayville; Mrs. Rogers, student at the David Prince school in Jacksonville.

The letter telling of Private Rogers' death was written by Chaplain C. E. Ireland to his mother, Mrs. Nancy Rogers. The letter was forwarded to Mr. and Mrs. Henry and reads as follows: American E. F., February 21, 1919.

To Mrs. Nancy C. Rogers, Savoy, Montana.
After a illness of about five days your son, Harvey E. Rogers, Co. L, 16th Infantry, passed to the great beyond at 7:00 a. m. Feb. 15, 1919. Cause of death, broncho pneumonia.

He was admitted for treatment at American Camp Hospital No. 26, Noyers, France, on Feb. 10, 1919. Everything possible was done by careful doctors and nurses to save his life, but a more powerful force had the case in hand, thus your son like a hero answered the final call.

Your son was buried in American Cemetery, Noyers, L'epre of Cher, with full military honors, Feb. 17, 1919. I had charge of the funeral service and saw your son's body lowered into the grave under the old flag, which he served well. His grave is marked with a small white cross, which bears his name, date of death, etc.

Your son is one of thousands who have given their lives in this great war. In giving they still live and ever shall live in the coming world of freedom. "These dead shall not have died in vain."

With every good wish to you as you bear life's burdens, I am yours for a world freedom and a brotherhood of nations.

Diamond Tires

You Wouldn't Hike in Dress Shoes

Suppose, for example, you had a lot of walking to do, day after day,—would you wear flimsy-soled dress shoes? Of course not—for you'd see to it that your shoes were the tough-soled, substantial, serviceable sort. The same holds with the "shoes" for your automobile. You want your car to keep going on one set of tires as long as possible.

Diamond Squeezee Tread Tires

—the tires with the real sidewalls.
—are the tough-treaded, substantial, serviceable tires that will give you the long mileage you have hoped for,—plus a little more for good measure.
If you want a tire that will make you come back for more, buy a **DIAMOND**.

WILL ADVERTISE LOAN ON PICTURE SCREENS

WASHINGTON, March 29.—Resources of the motion picture industry have been mobilized for the victory liberty loan drive, beginning April 21. The treaty announced today that appeals which would be conveyed to bond buyers thru the silent drama would form the most extensive propaganda campaign ever conducted by means of the screen theaters.

5,000 U. S. RIFLES TO USE AGAINST VILLA

EL PASO, Texas, March 29.—Five thousand rifles, a quantity of ammunition and other war elements will be crossed here tomorrow for the Mexican federal government in the north. The rifles and ammunition were made for the American army overseas but were never used. They will be used in the campaign against Villa's followers in northern Mexico and to protect the American-owned mining properties in the isolated districts frequented by Villa.

It was said here that the rifles were permitted to be exported on condition that these foreign properties be properly guarded against Villa who threatened to destroy them unless a ransom of \$1,000,000 gold was paid him by these companies by March 1.

WAGE EMPLOYMENT EXCHANGE CENTER

LONDON, March 29.—(via Montreal).—Leaders of various labor organizations in the empire are urging on the government the desirability of establishing an imperial exchange system.

The proposed scheme includes the linking up of all existing national employment exchanges throughout the empire, the elimination of all commercial exploitations and the stimulation of facilities to provide emigrants with a preliminary manual training in order to fit them for life overseas.

BISHOP MCCORMICK SAILS FOR OVERSEAS

New York, March 29.—Right Rev. John N. McCormick, bishop of western Michigan, was one of 725 passengers who sailed today on the British Steamer Baltic for Liverpool. Bishop McCormick announced he would probably remain overseas for several months, supervising the work of the war commission of the Episcopal church. He will have headquarters in Paris.

ACTORS THREATEN TO STRIKE

LONDON, March 29.—An actors' strike is threatened in the United Kingdom. The executive committee of the Actors' Association with which the theatrical employees, musicians and vaudeville performers are cooperating today decided to recommend to a general meeting to be held Sunday that no member of the association appear in a cast not entirely composed of members of the association.

CURRENCY FOR YANKS

New York, March 29.—Transfer of \$5,000,000 in currency from the U. S. sub-treasury to the steamship von Steuben, which sails tomorrow, was made here today to be used in exchanging French francs into American dollars for American soldiers on the eve of their departure aboard transports for home.

RECOMMENDED FOR REGULAR ARMY.

WASHINGTON, March 29.—General Pershing has called a call for more reading matter for the soldiers overseas. He says it is needed now more than ever.

PARIS, March 29.—The Havas Agency believes it certain that General Mangin will direct operations against Hungary, with headquarters in Rumania and that General Henrys will command the Polish troops.

COPENHAGEN, March 29.—With a factory official, his wife and two other women in the former king's box at the national opera house in Budapest, proletarian control of theaters with reduced prices for the workers was entered upon Friday, according to a despatch from the Hungarian capital.

PARIS, March 29.—Lombard was heavily shelled by the Ukrainians from Monday until Tuesday morning, according to a Havas despatch from Warsaw. Scores of civilians were killed and hundreds wounded. St. George's Cathedral and the archbishop's palace were badly damaged.

LONDON, March 29.—Foreign Minister Bela Kun has issued a decree extending the protection of the "Hungarian soviet republic" to the foreign military missions in Budapest, a Hungarian wireless despatch received here today says.

PARIS, March 29.—Havas.—The council of foreign secretaries and foreign ministers organized Friday will meet Tuesday to hear the report of the peace conference commission on Czechoslovak affairs. Paul Dutasta the general secretary of the peace conference went to Versailles today to arrange details for the signing of the preliminary treaty.

PARIS, March 29.—Havas.—According to news from a German source, says the Temps, the Bolshevik revolt recently reported in Bessarabia has progressed to the Danube.

PARIS, March 30.—4 A. M.—(By the Associated Press).—The commission on responsibility for the war has divided.

First, solemnly to condemn the violation of neutrality and all the crimes committed by the Central Empires.

Second, the appointment of an international tribunal to judge all those responsible, including the former German emperor.

MANCHESTER, March 29.—(British Wireless Service).—Viscount Bryce, former ambassador to the United States in the special edition today of the Manchester guardian, on the question of a league of nations, says:

"To leave things where they were before the outbreak of the war would be the most deplorable confession of human weakness and the most dismal of human hopes that has even been known."

PARIS, March 29.—Havas.—As soon as the text of the peace preliminaries is adopted by the great powers the German plenipotentiaries will be instructed to proceed to Versailles, where they will be housed in a hotel commandeered by the city. Preparations for their accommodation will take three weeks, and it is not believed that the meeting of the Germans and the representatives of the allied powers can be held before the day after Easter.

PARIS, March 29.—(By The Associated Press).—The report of the commission on responsibility for the war has been submitted to the peace conference. The official statement regarding its final work says:

"The committee on responsibility for the war held its last meeting this evening. Its general report has been transmitted to the conference, under whose control it henceforth will be."

"Sir Ernest Pollack, the British solicitor general, expressed the thanks of the commission to Secretary Lansing for the excellent and liberal spirit in which he had presided over the discussions."

FORMER RESIDENT DIES IN FRANCE

Harvey Rogers Who Enlisted From Montana Succumbed to Pneumonia

Mr. and Mrs. W. E. Henry of Murrayville yesterday received a letter telling of the death of Mrs. Henry's brother, Harvey E. Rogers, of the American overseas forces. The young man, who was attached to Co. L of the 16th infantry, died Feb. 15, at Camp Hospital No. 26 at Noyers, France. This soldier was formerly a resident of Morgan county but his family had for several years been resident at Savoy, Mont., and he enlisted there. The deceased was a son of Mr. and Mrs. George H. Rogers, formerly residents of the Murrayville neighborhood. He is survived by his parents and the following brothers and sisters: Mrs. W. E. Henry, Murrayville; Mrs. Herbert Owings, Scottville; Mrs. Vina Pearson, North Dakota; Eli and Everett Rogers and Mrs. James Ellington, Murrayville; Roy Rogers, a student at the David Prince school in Jacksonville.

The letter telling of Private Rogers' death was written by Chaplain C. E. Ireland to his mother, Mrs. Nancy Rogers. The letter was forwarded to Mr. and Mrs. Henry and reads as follows:

American E. P. February 21, 1919.

To Mrs. Nancy C. Rogers, Savoy, Montana.

After an illness of about five days your son, Harvey E. Rogers, Co. L, 16th Infantry, passed to the great beyond at 7:00 a. m. Feb. 15, 1919. Cause of death, broncho pneumonia.

He was admitted for treatment at American Camp hospital No. 26, Noyers, France, on Feb. 10, 1919. Everything possible was done by careful doctors and nurses to save his life, but a more powerful force had the case in hand, thus your son like a hero answered the final call.

Your son was buried in American Cemetery, Noyers, L'air et Cher, with full military honors, Feb. 17, 1919. I had charge of the funeral service and saw your son's body lowered into the grave under the old flag, which he served well. With every good wish to you as you bear life's burdens, I am yours for a world freedom and a brotherhood of nations.

COLORED CITIZENS HELD WILSON MEETING

Enthusiastic Meeting Held in Circuit Court Room Saturday Evening. Hon. Andrew Russell, Capt. Byrd and Lieut. Pinkett Made Addresses.

The circuit room was filled to overflowing last evening, the audience largely colored people gathered to hear a number of addresses but especially Captain Byrd of Springfield. The meeting was called to order by C. O. Bayha, who introduced with highly complimentary remarks Dr. J. H. Beverly as the chairman of the evening. The doctor requested Rev. J. W. Muse to offer prayer and then said in brief:

This meeting has been called in the interest of the candidacy of George Wilson of Quincy for member of the state supreme court. We need just such a man as he is there. We are 100 per cent Americans and Mr. Wilson has been true to us. In Quincy a school was designated as colored people's school and the effort was made to compel all colored children in the city to attend it and Mr. Wilson fought the case thru to the supreme court and won for us. Soon we are to have a constitutional convention and we need the right men on the supreme bench.

He then introduced Hon. Andrew Russell, who said in part: Friends and Americans; fellow citizens. It is good to call you such for such you are. Mr. Wilson I have known for a long time and he has ever been fair. He was fair in Illinois College and won first honors over my brother but I never laid it up against him. When he was in the legislature he did the fair thing by all. We have had a Democrat from this district in the supreme court because Republicans didn't get out. I wish women could vote in this election but they can't, but they will soon have the ballot. I am glad to be here and I want to hear Capt. Byrd as he is from my office and I want to see that he does himself and the office justice. Lieut. Pinkett was next introduced and spoke briefly.

Democratic Mismanagement

There is no body more important than that of the supreme court. Questions of grave importance come before it that require the attention of the best men. After serving in our army abroad and seeing Democratic mismanagement I should have returned a Republican if I had gone out a Democrat.

I met some over there who were Kentucky Democrats and the y returned Lincoln Republicans. Hereafter I shall vote straight Republican on every kind of a ticket from the lowest up. Events show the need of Republican law makers. I have grave fears regarding the proposed league of nations if not corrected by Republicans.

When the women vote then goodbye Democratic party. That party has ever stood for slavery and oppression and will be rebuked in the next election. I feel sure if you elect Mr. Wilson you will not be sorry.

Capt. Byrd was the next speaker and made a ringing address full of eloquence and devotion to the cause of right. He said in part: Wilson Friend of Negro.

I am always glad to be in Jacksonville where I have so many friends. We have shown that we can win if we have the chance. I have known Mr. Wilson for twenty years and am glad to stand up for him strongly. We know what the Republican party has done for us. Dr. Beverly has told you what Mr. Wilson did for us in the public school matter in Quincy.

The fact that Mr. Thompson was chosen state's attorney in a Republican county is their stock in trade but Mr. Wilson was similarly chosen in a Democratic county and there you are. Mr. Thompson is but 31 years of age; has been practicing law but seven years and never had a case for which he received a fee of more than \$100.

He prosecuted a colored man for murder and the latter was convicted. The judge said there never had been a case of hanging in the county and he wanted to see if there were not some mitigating circumstances but Mr. Thompson said no; let the law take its course and it did. A white and a colored boy were together in misdemeanor, each

LEAGUE PLAN TO BE DISCUSSED

Mass Meeting Will Be Held at David Prince School Next Thursday Night.

A mass meeting is to be held in the David Prince auditorium next Thursday evening, April 3, at which time Prof. James W. Garner will discuss the question of a league of Nations. The meeting is to be held under the auspices of the committee of citizens which was recently appointed as a branch of the League to Enforce, of which ex-President Taft is the national chairman. More than other of the counties of the state now have such committees, and others are rapidly organizing.

Professor Garner, who is the head of the political science department at the University of Illinois, has a nation-wide reputation as an authority on political and governmental matters. He is editor-in-chief of the American Journal of Criminal Law and Criminology and jointly with Senator Henry Cabot Lodge is the author of a United States History.

Professor Garner has published a number of articles on the League of Nations question and because of his special study of the proposed constitution is able to handle the subject in a masterly way. In his address here Professor Garner will endeavor to answer the questions of those in the audience.

It is probable that the question of effecting a permanent organization in this county will also be taken up in a definite way. The purpose of such an organization would of course be to promote the plan of a League of Nations. It is the hope and expectation that a large audience will greet Professor Garner next Thursday evening to hear him discuss this great issue.

ROUND UP TO BE GIVEN IN BORDEAUX

Rev. W. E. Spoon's Will Participate.

The following clipping from an eastern paper will be of interest to Dr. Spoon's friends in this city.

Bordeaux, Wednesday. — The surrounding country is being scoured for wild long-horn steers to make the great "round up" to be put on by the cow-punchers in this area, in which are three remount stations, Carbon Blanc, Marrignac and Souge. Outlaws from the United States corral are to be ridden in bucking exhibitions. The program will consist of mounted wrestling, relay and hurdle racing, bucking, driving and judging contests. Several of the world's greatest riders and ropers have been signed for entrance. The Rev. W. E. Spoon, clergyman of Illinois, and a former Texas cowboy, now engaged in Y. M. C. A. work at Bordeaux, has promised to participate.

COLORED CITIZENS HELD WILSON MEETING

Enthusiastic Meeting Held in Circuit Court Room Saturday Evening—Hon. Andrew Russell, Capt. Byrd and Lieut. Pinkett Made Addresses.

The circuit room was filled to overflowing last evening, the audience largely colored people gathered to hear a number of addresses but especially Captain Byrd of Springfield. The meeting was called to order by C. O. Bayha who introduced with highly complimentary remarks Dr. J. H. Beverly as the chairman of the evening. The doctor requested Rev. J. W. Muse to offer prayer and then said in brief:

This meeting has been called in the interest of the candidacy of George Wilson of Quincy for member of the state supreme court. We need just such a man as he is there. We are 100 per cent Americans and Mr. Wilson has been true to us. In Quincy a school was designated as colored people's school and the effort was made to compel all colored children in the city to attend it and Mr. Wilson fought the case thru to the supreme court and won for us. Soon we are to have a constitutional convention and we need the right men on the supreme bench.

He then introduced Hon. Andrew Russell, who said in part: Friends and Americans; fellow citizens. It is good to call you such for such you are. Mr. Wilson I have known for a long time and he has ever been fair. He was first in Illinois College and won first honors over my brother but I never laid it up against him. When he was in the legislature he did the fair thing by all. We have had a Democrat from this district in the supreme court because Republicans didn't get out. I wish women could vote in this election but they can't, but they will soon have the ballot. I am glad to be here and I want to hear Capt. Byrd as he is from my office and I want to see that he does himself and the office justice. Lieut. Pinkett was next introduced and spoke briefly.

Democratic Mismanagement

There is no body more important than that of the supreme court. Questions of grave importance come before it that require the attention of the best men. After serving in our army abroad and seeing Democratic mismanagement I should have returned a Republican if I had gone out a Democrat.

I met some over there who were Kentucky Democrats and they returned Lincoln Republicans. Hereafter I shall vote straight Republican on every kind of a ticket from the lowest up. Events show the need of Republican law makers. I have grave fears regarding the proposed league of nations if not corrected by Republicans.

When the women vote then goodbye Democratic party. That party has ever stood for slavery and oppression and will be rebuked in the next election. I feel sure if you elect Mr. Wilson you will not be sorry.

Capt. Byrd was the next speaker and made a ringing address full of eloquence and devotion to the cause of right. He said in part:

Wilson Friend of Negro.
I am always glad to be in Jacksonville where I have so many friends. We have shown that we can win if we have the chance. I have known Mr. Wilson for twenty years and am glad to stand up for him strongly. We know what the Republican party has done for us. Dr. Beverly has told you what Mr. Wilson did for us in the public school matter in Quincy.

The fact that Mr. Thompson was chosen state's attorney in a Republican county is their stock in trade but Mr. Wilson was similarly chosen in a Democratic county and there you are. Mr. Thompson is but 31 years of age; has been practicing law but seven years and never had a case for which he received a fee of more than \$100.

He prosecuted a colored man for murder and the latter was convicted. The judge said there never had been a case of hanging in the county and he wanted to see if there were not some mitigating circumstances but Mr. Thompson said no; let the law take its course and it did. A white and a colored boy were together in misdemeanor, each

equally guilty. Mr. Thompson prosecuted and the white boy got six years and the colored fourteen. Mr. Wilson prosecuted a colored man and he was convicted but Mr. Wilson said there might yet be extenuating circumstances and didn't insist on execution. Investigation was made and the man was found innocent.

Mr. Wilson was three terms in the legislature and always looked for our interests. In Quincy in one ward there are a great many colored people and they have a colored school which is all right, but we have fourteen wards and they made a law that all colored children in the city should go to the fifth ward school which would require some to walk miles. One lawyer after another was asked to take our case but they were too busy; it was astonishing to see how occupied they were but Mr. Wilson took the case; lost in the lower court and won higher up and now colored children go to all ward schools and the high school. You will need money to carry the election Tuesday. Raise it among yourselves and ask none for it.

Great Events Call Great Men
Great events call for great men, so in history we have Abraham, Moses, Daniel, Lincoln and Booker T. Washington. And now my fellow citizens let me beg of you to be men. We have a handicapped but all the more reason why we should strive to overcome obstacles and rise in the world. The Republican party has made us free and let us make the best of the opportunity and not hang back at the traces. Let the world know that a man with a white skin and a white heart and soul can hold up his head with any in the world. Turn out solidly next Tuesday for your best friend; go to the polls like men and stand up for the right. Ever be true to the noblest and best and victory will be ours.

The speaker was frequently applauded and at the close of the claim was loud and long and afterward many pressed forward to meet him personally.

WHITE HALL PLANS FOR MEMORIAL DAY

Business Houses Will Close on Occasion of Memorial Tree Planting for Soldiers—Other White Hall News Notes.

White Hall, March 29.—Arrangements have been completed for the soldiers' memorial tree planting to be held at White Hall next Thursday afternoon. Mayor Boehm has issued a proclamation asking for a general observance by the citizens and the close of the business houses during the afternoon. The Rawlins Concert Band will be present from Roodhouse. Congressman H. T. Rainey will speak in Whiteside Park at 1:30 o'clock, and following the park exercises there will be a parade to the soldiers' monument, participated in by the G. A. R. Post, soldiers in uniform, and the Boy Scouts, where brief exercises dedicating the six hard maple trees to the memory of White Hall boys who died in the service of the recent war will be conducted by Lieut. Chas. Wemken. Capt. Dean Corsa will be marshal of the day.

Bert Anderson attended a meeting of the Order of Railroad Telegraphers in Beardstown, Tuesday, at which 35 telegraphers were present. The April meeting will be held at Centralia, and in May it is planned to hold a joint meeting of Burlington and Alton members at White Hall.

Thomas H. Cummings was down from Roodhouse Friday afternoon on business. He is connected with the Roodhouse poultry that is being now loaded on a train of cars, buildings, kilns and all, for removal to Lincoln, Illinois, where the plant will be located hereafter and conducted on a larger scale, the new capital stock being \$125,000.

The officers of the Christian church have purchased the George Peters property on West Lincoln street for use as a parsonage, and Rev. and Mrs. E. C. Lucas will occupy it as soon as their household goods arrive from Muncie, Indiana, where they have been in storage for over a year.

G. A. Greene, manager of the C. & A. telegraph office at Roodhouse, has leased the W. M. Potts residence on West Bridgeport street, and will locate here in a few days. Mr. Greene will go back and forth with Julie Evans gave up the Potts place for a smaller house. On Friday she fell down stairs and received a severe shaking, but no serious results came from the accident, and the grand lady is again able to be up.

R. B. Pearce called on B. O. Roodhouse at Roodhouse Friday. Frank Flynn spent Friday in Winchester.

The stage of the Illinois river at Pearl reached 16 1/2 feet, but a stage of twenty feet will be necessary to give grave concern for the levee embankments.

Advices from soldiers include word from Galesburg that Ernest Pearce has been discharged at Camp Dodge, and has reached home to remain; that he expects to come on to White Hall for the memorial tree planting. J. V. Teeple, a rollicking news writer of some note, drops a line from Camp Meigs, No. 105, A. P. O. 4, E. F. Sallabone, Grondie, France, saying he can tell a lot more than he can write, and that he will have another talk when he gets home at Roodhouse. Sergeant Bugler Leroy Richert sends a card from Paris, where he was spending a few days on leave, and says it is great.

PANSY PLANTS Order them at once. JOS. HEINL & SONS

City of Jacksonville, Illinois. Earth Dam, Filter Plant and Appearances.

Sealed proposals for and Earth Dam and Filter Plant, will be received by the City of Jacksonville until 12 o'clock noon, on the 11th day of April 1919.

The work for which proposals are invited, includes an earth dam about 600 feet long. Concrete Spillway, a Water Filtrate Plant of 1.5 million gallons capacity with all appurtenances, according to Plans and Specifications on file in the office of the City Engineer of Jacksonville, Illinois, and of Pearce & Greeley, Engineers, 64 W. Randolph St., Chicago, Ill.

A certified check or security bond, acceptable to the City to the sum of \$500.00 shall be deposited with each bid. Bids may be made on the Dam and Filter Plant as separate contracts, or together as one.

Plans and Specifications may be secured upon deposit of \$5.00. The City Council reserves the right to reject any or all bids, waive any informality in the bids and to accept any bid which it deems most favorable to the City of Jacksonville.

WHITE HALL PLANS FOR MEMORIAL DAY

Business Houses Will Close on Occasion of Memorial Day Planting for Soldiers—Other White Hall News Notes.

White Hall, March 29.—Arrangements have been completed for the soldiers' memorial tree planting to be held at White Hall next Thursday afternoon. Mayor Boehm has issued a proclamation asking for a general observance by the citizens and the close of the business houses during the afternoon. The Rawlins Concert Band will be present from Roodhouse. Congressman H. T. Rainey will speak in Whiteside Park at 1:30 o'clock, and following the park exercises there will be a parade to the soldiers' monument, participated in by the G. A. R. Post, soldiers in uniform, four woman's clubs, the schools and the Boy Scouts, where brief exercises dedicating the six hard maple trees to the memory of White Hall boys who died in the service of the recent war will be conducted by Lieut. Chas. Wemken. Capt. Dean Corsa will be marshal of the day.

Bert Anderson attended a meeting of the Order of Railroad Telegraphers in Beardstown Thursday, at which 25 telegraphers were present. These meetings are held monthly. The April meeting will be held at Centralia, and in May it is planned to hold a joint meeting of Burlington and Alton members at White Hall.

Thomas H. Cummings was down from Roodhouse Friday afternoon on business. He is connected with the Roodhouse pottery that is being now loaded on a train of cars, buildings, kilns and all, for removal to Lincoln, Illinois, where the plant will be

located hereafter and conducted on a larger scale, the new capital stock being \$125,000.

The officers of the Christian church have purchased the George Peters property on West Lincoln street for use as a parsonage, and Rev. and Mrs. E. C. Lucas will occupy it as soon as their household goods arrive from Muncie, Indiana, where they have been in storage for over a year.

G. A. Greene, manager of the C. & A. telegraph office at Roodhouse, has leased the W. M. Potts residence on West Bridgeport street, and will locate here in a few days. Mr. Greene will go back and forth. Mrs. Julia Evans gave up the Potts place for a smaller house. On Friday she fell down stairs and received a severe shaking, but no serious results came from the accident, and the grand lady is again able to be up.

R. B. Pearce called on B. O. Roodhouse at Roodhouse Friday. Frank Flynn spent Friday in Winchester.

The stage of the Illinois river at Pearl has reached 16 1/2 feet, but a stage of twenty feet will be necessary to give grave concern for the levee embankments.

Advices from soldiers include word from Galesburg that Ernest Pearce has been discharged at Camp Dodge, and has reached home to remain; that he expects to come on to White Hall for the memorial tree planting. J. V. Teagle, a rollicking news writer of some note, drops a line from Camp Hospital No. 105, A. P. O. 765 A. E. F., Sallebonet, Gironde, France, saying he can tell a lot more than he can write, and that he will have another talk when he gets home at Roodhouse. Sergeant Bugler Leroy Richert sends a card from Paris, where he was spending a few days on leave, and says it is great.

NOTICE TO BIDDERS.
City of Jacksonville, Illinois.
Earth Dam, Filter Plant and Appurtenances.

Sealed proposals for and Earth Dam and Filter Plant, will be received by the City of Jacksonville until 12 o'clock noon, on the 11th day of April 1919.

The work for which proposals are invited, includes an earth dam about 600 feet long, Concrete Spillway, a Water Filtrate Plant of 15 million gallons capacity with all appurtenances, according to Plans and Specifications on file in the office of the City Engineer of Jacksonville, Illinois, and of Pearce & Greeley, Engineers, 64 W. Randolph St., Chicago, Ill.

A certified check or security bond, acceptable to the city to the sum of \$500.00 shall be deposited with each bid. Bids may be made on the Dam and Filter Plant as separate contracts, or together as one.

Plans and Specifications may be secured upon deposit of \$5.00. The City Council reserves the right to reject any or all bids, waive any informality in the bids, and to accept any bid which it deems most favorable to the City of Jacksonville.

HAVERICKS

The present municipal campaign is about as exciting as a ping pong tournament.

If a man read all of the foolish instructions about gardening sent out by the government he would never find time to put in his garden.

If the government will bring some of that liquor it is supposed to sell to Jacksonville it will find a ready and active market.

Just Our Luck

We paid twenty-five cents for three quarts of onion sets last Monday and yesterday they were selling four quarts for 19 cents.

Off hand we would call "Chuck" Wankmaker the champion optimist of Jacksonville.

One thing we won't have to listen to after national prohibition goes into effect is the time worn excuse many men give for taking a drink.

All of the mayorality candidates in the municipal campaign in Chicago express confidence in the result of the election Tuesday. Some body's confidence is going to be rudely shocked when the votes are counted.

According to the Christian Science Monitor any normal man abhors the smell and taste of whiskey. Figuring along that line most of the men we have come in contact with in the last quarter of a century evidently have been abnormal.

Big head lines in an exchange Friday stated that Monroe Doctrine was left out of the league of nations draft. However, it will probably be found that when the league of nations gets over to the United States for approval that it won't stay out long.

If Henry Ford and Mayor Thompson get judgment against the Tribune for the damages they are asking the paper will have to be auctioned off to settle the claims.

Conditions in the stone age were better apparently than those that prevail under Bolshevik rule in Russia at the present time.

The Worm Turns

Down in St. Louis last week the police station was robbed. Evidently somebody is getting even with the police.

The Primary Law

Illinois surely should be proud of her legislative bodies. One of the best of the men who usually make up the two bodies is the present primary law.

The law provides that an elector wishing to become a candidate for office must secure and file a petition with the city clerk or county clerk as the case may be.

Here is where the greatness of the legislature shows. If the candidate happens to be one day late in filing he can be eliminated from his party ticket by anyone filing objections. If he is he must then run independently if he runs at all.

But, a man need not go to any trouble complying with the law. He doesn't need to file a petition or do anything else within a certain specified time. All he has to do is to get a few friends write his name on the ballot. If enough of them do so to make him high man then his name is placed on the ballot as the regular nominee of his party. Verily the primary law is a great thing and one which should make every intelligent citizen proud of Illinois law making bodies.

What has become of the old fashioned man who used to drink sassafras tea in the spring as a blood purifier?

ILLINOIS COLLEGE NOTES

President Rammelkamp was in Springfield on Tuesday attending a hearing before the educational committee of the house. He went to represent the Federation of Illinois Colleges in opposition to a bill which tended to lower the collegiate standards in the state. President Taylor of Millikin University was also present at the hearing.

Miss Priscilla Capps, '21 will lead the devotional meeting at Academy hall Sunday evening.

Fred Six, George Garrison and Charles Nichol former Illinois College students were visitors on the campus Friday.

The district accountant of the war department was on the campus for two days during the past week making a detailed examination of the claim of the college in connection with the expenses for the unit of the student army training corps.

Miss Mary Alice Pierce, a graduate of the Jacksonville high school has the distinction of being the first girl in rank in the freshman class for the first semester. Glen Weyer, a graduate of the Chester high school was a close second. Among the other freshmen who stood high in the first third in the grades of the first semester were the following:

Violet Murphy, Helen Jones, Celestine Hemphill, Arnold Hagstrom, Antoinette Gouveia, Ann Lane, Janice Taylor, Sylvia Taylor and Marie Thomas.

The directors of the Illinois College Alumni Fund association are actively at work trying to complete the fund of \$900 to establish an in-Memoriam Membership for each of the Illinois College Men who made the "supreme sacrifice" in the great war. About half of the fund has already been subscribed and there is no doubt that the fund will be completed by commencement.

Although certain plans for a combined society banquet at commencement in honor of the men in the service had to be given up, every effort will be made to secure a large attendance of the Illinois College men who have served in the army.

Preliminary plans are being made for the annual Whipple contest in declamation. It seems likely that all the contestants this year will be boys.

Mrs. George Wells was among the Saturday visitors in the city.

CANADIAN PENNY

TO BE RELEASED
Winnipeg, Man.,—The big penny of Canada, for years the subject of mild controversy in the Dominion, is at last to be replaced by a coin somewhat resembling the American cent in size and fineness.

The government announced, however, that the big cent would continue in circulation, which is somewhat of a compromise as enemies of the giant penny wanted it melted out of existence. One of their chief arguments was that a person carrying fifteen Canadian pennies soon became round-shouldered. Banks favored the large coin because it stacked easily.

LONDON DOCTORS TO ORGANIZE UNION

London.—Men and women doctors in London have set about to secure what they deem to be their rights through the organization of a trade union.

The "union" which is being formed under the direction of the medico-political Union, is for the purpose of dealing with the government through the latter's proposed Ministry of Health. It is the purpose of the union to become affiliated with the Labor party and the Trade Union Congress.

A Progressive Man of Today and the Future.

We, the undersigned members of the Rock Island County Bar, unhesitatingly endorse the candidacy of our fellow member, State's Attorney Floyd E. Thompson, now a candidate on the Democratic ticket for Justice of the Supreme Court of Illinois. We have watched his course as an attorney and public prosecutor. Many intricate problems have been presented to him during his two terms in public office but he has risen to the occasion in every instance. His grasp of the technicalities and intricacies of the law have proven to us his worth. He has laid the foundation for a jurist by thorough scholarly attainments. He is a painstaking student of indomitable energy and industry. As an active citizen in this great industrial center he is in close touch with modern affairs of government. We know him to be broad-minded and conscientious and free from the influence of any clique, league or organization. To insure Illinois a broad-minded, hard-working Justice of the Supreme Court, we commend to the voters their careful consideration in behalf of our fellow member of the bar.

Quincy Daily Herald:

The endorsement of the Adams County Bar is indeed a high compliment to Floyd E. Thompson of Rock Island, who is making many friends who will support him in his candidacy for Justice of the Supreme Court. It is indeed a representative list of attorneys. Mr. Thompson in his visits with attorneys and other citizens of Quincy has shown the qualities which have made him such a popular official in Rock Island. The endorsement, it will be seen, keeps the names of men who have a high conception of the qualifications a Justice of the Supreme Court should have, and they would never think of endorsing a man who does not in a high degree possess such qualifications.

Mason County Democrat:

Mr. Thompson is of pleasing personality and of exceptional force. From his school days he has made his own way on his merits.

Labor For Thompson

The Quincy Journal of Industry, a labor weekly, says, under the caption, "Thompson and Wilson:"

A prominent and well known Republican of Quincy made the prediction yesterday that Thompson would defeat George Wilson for the supreme judgeship and we certainly hope Mr. Thompson does defeat him. Mr. Thompson will carry his home city and county but Wilson will not. Mr. Thompson is an able lawyer and a bright and intelligent gentleman and deserves success in this election.

Some of the Republicans are saying to little Mr. Thompson by saying he is too young, which is little indeed. It is the young men that are leading the present generation, and prominent lawyers throughout the district say that Mr. Thompson is the best read of the two men when it comes to real law. Regardless of politics we are for Mr. Thompson with all our honorable might and from what we hear from all parts of the district we predict that Mr. Thompson will be elected. We believe in being open and square in everything.

Illinois State Register:

The outstanding thing about Mr. Thompson's career has been his capacity in meeting new situations. No obstacle ever has daunted him and caused him to doubt his ultimate success. The result is, he has never known the meaning of the word failure.

Quincy Daily Journal:

It is very evident that Floyd E. Thompson has met with a hearty response in Quincy and Adams county. The latest move to have this is a largely signed petition from members of the Adams County bar, endorsing him for the high honor.

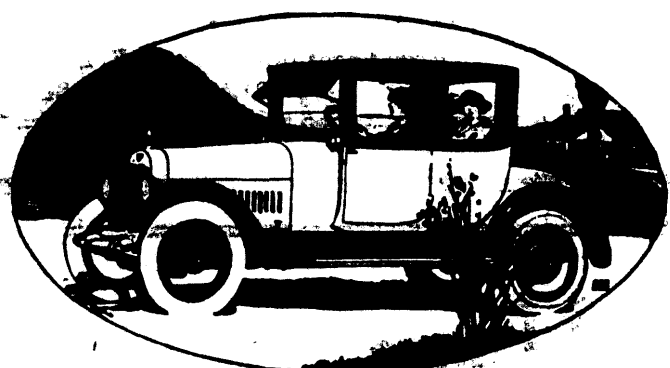

Quincy Herald:

It is no secret that some of the men recently chosen to the supreme court of this state are political thinkers of the old school, men whose ideas naturally will find their way into the law of the state unless counter-balanced by progressive, wide-awake, modern thought on questions of first importance in this state. The interpretation of the new constitution demands forward looking men. Surely it should not be interpreted by a bench of seven men all of whom are of the same political and economic school of thought.

The only objection made to Floyd Thompson anywhere in the district is that he is young. Perhaps that is his greatest asset. He has a quick and apt mind. He is progressive and modern in thought. He is wonderfully studious and energetic.

R. I. Argus:

Mr. Thompson prefers to submit his cause direct to the voters. He has steered clear of banquets and other inner-circle conferences, as with the following from the Quincy Journal relative to one of his early visits to that city:

The White Triangle A Symbol of Merit

It Marks Hudson Super-Six Excellence in
Art and Engineering

Whether it is the woman of good taste and distinction or the man who must have flexibility, power, constant dependability—the wish is gratified in the Super-Six closed car.

The Super-Six has the mechanical excellence that 60,000 others associate with the Hudson name. It has the aesthetic value of a work of art.

Beautiful in Line—Perfect in Action

The Super-Six is never heavy and sluggish in action, a fault with cars that have merely been fitted with enclosed bodies.

In acceleration it is livelier than the usual light open cars. It has endurance beyond any motoring requirement. In performance it is without a peer.

Dominates Every Situation

There is no frontier for Super-Six closed cars. They are used for touring, in town and country, on boulevard and remote highway. Naturally, there are more Hudson closed cars than of any other fine make.

MAVERICKS

The present municipal campaign is about as exciting as a ping pong tournament.

If a man read all of the foolish instructions about gardening sent out by the government he would never find time to put in his garden.

If the government will bring some of that liquor it is supposed to sell to Jacksonville it will find a ready and active market.

Just Our Luck.

We paid twenty-five cents for three quarts of onion sets last Monday and yesterday they were selling four quarts for 19 cents.

Off hand we would call "Chuck" Wanmaker the champion optimist of Jacksonville.

One thing we won't have to listen to after national prohibition goes into effect is the time worn excuse many men give for taking a drink.

All of the mayoralty candidates in the municipal campaign in Chicago express confidence in the result of the election Tuesday. Some body's confidence is going to be rudely shocked when the votes are counted.

According to the Christian Science Monitor any normal man abhors the smell and taste of whiskey. Figuring along that line most of the men we have come in contact with in the last quarter of a century evidently have been abnormal.

Big head lines in an exchange Friday stated that Monroe Doctrine was left out of the league of nations draft. However, it will probably be found that when the league of nations gets over to the United States for approval that it won't stay out long.

If Henry Ford and Mayor Thompson get judgment against the Tribune for the damages they are asking the paper will have to be auctioned off to settle the claims.

Conditions in the stone age were better apparently than those that prevail under Bolshevik rule in Russia at the present time.

The Worm Turns.

Down in St. Louis last week the police station was robbed. Evidently somebody is getting even with the police.

The Primary Law.

Illinois surely should be proud of her legislative bodies. One of the best evidences of the greatness of the men who usually make up the two bodies is the present primary law.

The law provides that an elector wishing to become a candidate for office must secure and file a petition with the city clerk or county clerk as the case may be.

Here is where the greatness of the legislature shows. If the candidate happens to be one day late in filing he can be eliminated from his party ticket by anyone filing objections. If he is he must then run independently if he runs at all.

But, a man need not go to any trouble complying with the law. He doesn't need to file a petition or do anything else within a certain specified time. All he has to do is to get a few friends write his name on the ballot. If enough of them do so to make him high man then his name is placed on the ballot as the regular nominee of his party. Very truly the primary law is a great thing and one which should make every intelligent citizen proud of Illinois law making bodies.

What has become of the old fashioned man who used to drink sasaparilla in the spring as a blood purifier?

ILLINOIS COLLEGE NOTES

President Rammelkamp was in Springfield on Tuesday attending a hearing before the educational committee of the house. He went to represent the Federation of Illinois Colleges in opposition to a bill which tended to lower the collegiate standards in the state. President Taylor of Millikin University was also present at the hearing.

Miss Priscilla Capps, '21 will lead the devotional meeting at Academy hall Sunday evening.

Fred Six, George Garrison and Charles Nichol former Illinois College students were visitors on the campus Friday.

The district accountant of the war department was on the campus for two days during the past week making a detailed examination of the claim of the college in connection with the expenses for the unit of the student army training corps.

Miss Mary Alice Pierce, a graduate of the Jacksonville high school has the distinction of being the first girl in rank in the freshman class for the first semester. Glen Weyer, a graduate of the Chester high school was a close second. Among the other freshmen who stood high in the first third in the grades of the first semester were the following: Violet Murphy, Helen Jones, Celestine Hemphill, Arnold Hagstrom, Antoinette Gouvela, Anna Lane, Janice Taylor, Sylvia Taylor and Marie Thomas.

The directors of the Illinois College Alumni Fund association are actively at work trying to complete the fund of \$900 to establish an in Memoriam Membership for each of the Illinois College Men who made the "supreme sacrifice" in the great war. About half of the fund has already been subscribed and there is no doubt that the fund will be completed by commencement.

Although certain plans for a combined society banquet at commencement in honor of the men in the service had to be given up, every effort will be made to secure a large attendance of the Illinois College men who have served in the army.

Preliminary plans are being made for the annual Whipple contest in declamation. It seems likely that all the contestants this year will be boys.

Mrs. George Wells was among the Saturday visitors in the city.

CANADIAN PENNY

TO BE RELEASED. Winnipeg, Man.,—The big penny of Canada, for years the subject of mild controversy in the Dominion, is at last to be replaced by a coin somewhat resembling the American cent in size and fineness.

The government announced, however, that the big cent would continue in circulation, which is somewhat of a compromise as enemies of the giant penny wanted it melted out of existence. One of their chief arguments was that a person carrying fifteen Canadian pennies soon became round-shouldered.

Banks favored the large coin because it stacked easily.

Go to the Polls Tuesday
AND VOTE FOR
Floyd E. Thompson

Thompson's Endorsement

There is no better way of judging a man than by the estimate that those who know him best place upon him. This rule applied to Floyd Thompson commands him unreservedly to the people of the fourth supreme judicial district as a man who is fit and trustworthy.

What the people of Rock Island think of Mr. Thompson has been strikingly shown on two occasions. The first time was in 1912, when they elected him state's attorney—the first Democrat ever so honored in the county. The second time was when they re-elected him by a largely increased plurality. The first time may have been partly a matter of chance, but there was no doubt whatever as to the significance of his re-election. He had made good. He had stood the test. In the face of obstacles that would have discouraged a weaker man and one less sure of himself he had given an administration that was a revelation of efficiency. He strengthened the loyalty of his supporters and won over many of those who at first were against him.

Mr. Thompson made the unique record of being not only the first Democrat in the office of county prosecutor, but he was the first member of his party to be re-elected to any county office. Where other county candidates on his ticket were defeated by pluralities averaging about three thousand he won with 2,300 votes to spare. Political annals furnish few instances of so sweeping an endorsement by any body of voters. There was no accident about it. It was a clear, unqualified expression of approval of the state's attorney and the man.

Voters elsewhere in the fourth district of course cannot know Mr. Thompson as we know him here. Their best means of forming an estimate of him lies in Rock Island county's verdict three years ago. In the last three years he has run true to form. The unprecedented amount of business his office has handled and the new successes that he has won as a public prosecutor and in other directions have served to still further strengthen him in the regard of his constituency. Of that there is not the slightest doubt. The pledges of home support he is receiving in his present campaign bear out the statement. The time worn adage about the prophet being without honor in his own country does not apply in Mr. Thompson's case. —E. L. Argus, Rock Island Argus.

R. I. Argus:

Mr. Thompson prefers to submit his cause direct to the voters. He has steered clear of banquets and other inner-circle conferences, as witness the following from the Quincy Journal relative to one of his early visits to that city:

"The local Democratic committee proposed a formal luncheon or dinner at which he (Mr. Thompson) was to be introduced to party leaders, but Mr. Thompson placed his veto on any formalities, preferring to get about and meet the people face to face, as many as possible, and gain an acquaintance in this manner."

The incident is characteristic of the man. He is essentially democratic in his habits. His hobnobbing is done with common, every-day folk, the men in overalls on the farms and in the factories and that is largely the secret of his wide popularity.

CONSERVATORY NOTES

A recital will be given next Friday evening, April 4th, by Mr. Frank C. Collins Jr., pianist, assisted by Miss Audry Hall, violinist. The public is cordially invited to attend.

Mr. Munger is acting as judge at a state contest of students of piano and violin in Springfield Saturday, March 29th. The reception which was to have been held at the home of Mr. J. C. Ames for students of the college and conservatory has been indefinitely postponed. It was to have taken place Saturday evening, March 29th.

Mr. Dean Cochran, who has been visiting in Jacksonville this week, thru this spring vacation, left Friday noon for Fort Collins, Colorado.

The song recital given last Tuesday evening, March 25th, by Misses Edna Hackett and Catherine Rapp, was very successful and the hall was well filled. The following program was performed:

There will be an afternoon recital on Thursday April 3rd.

EASTER THANKS OFFERING
The program for the Easter Thank offering meeting of the Home Missionary society of Congregational church will be held in the lecture room of the church Tuesday afternoon at 3 o'clock. The following will be the program:

Devotional exercises; violin solo, Miss Marjorie Block; reading, "Schauffler School and National Sources," Miss Mae Dunmore; Easter Message read by Mrs. H. V. Capps; address "The Lure of the West," Reverend W. E. Collins; vocal solo, Miss Jean Peterson; social hour in charge of a committee composed of Mrs. W. P. Wilson, Mrs. W. A. Jenkins and Mrs. M. H. Haverhill. A cordial invitation is extended to all members of the church and congregation.

160 Acre Stock Farm, Located 1 1/4 Miles from Good Market.

On the C. B. & Q., Scott Co., 5 1/2 miles from county seat. Improvements: New 4 room house with summer kitchen, machine shed, barn, stock sheds, crib with concrete feeding floors, farm scales, sheep shed and hog sheds; nothing run down on the place; has hog tight fences around farm and all of the cross fences are of woven wire.

There is 20 acres of growing wheat, 15 acres of rye, 10 acres meadow, balance blue grass; there will be 20 acres for corn this year, and if buyer wishes he can break 20 acres of the blue grass which would give him 40 acres for corn, but I think the blue grass land is too rough to cultivate. The owner sold off this farm last year \$5600 worth of stuff.

The soil is all of the timber quality, rather light in color. But, think of the price and location of this place, and if sold by April 1st all of the growing crops go with it. Possession at time of purchase.

When you take your car out of storage
or have it overhauled for Spring use—

Don't Forget the Battery

The breath of Springtime is in the air—the "intensive" automobiling season close at hand. You will want to make a "quick get-away" out into the country for a spin.

Let us examine your battery—put it into shape for you, so when you step on the starter the engine will quickly respond. Perhaps you will need a new battery. Let us show you convincing proof that the PREST-O-LITE is the best storage battery you can buy. It is full of "pep," power and will last longer than any other battery known.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

When will land get cheaper? When our population drops from 110 million to 100 million, but we know it will increase instead. What effect will the loss of men in the army have on land values? Our loss was less than 1 per cent of our population—less than the population of East St. Louis alone.

Returning soldiers are land hungry, and on Monday morning of this week we had five applications at the office for farm lands. No chance to overbuy good Illinois land cheaper. Buy it now.

OBITUARY.

Anna E. Rawlins was born in Monroe County, Indiana, April 29th, 1875. In her young girlhood she moved to Mansfield with her father, having lost her mother when two and a half years old. Attended the school at Mansfield till a young woman. Was affiliated with the Methodist Church and a member there. She has always lived a Christian life, thinking more of others' comforts than her own. She was married to Dr. C. A. Evans, in Bloomington, Ill., June 28th, 1899. She moved to Bluffs in May, 1901, where she has lived till called.

Ten years ago she had a long hard spell of sickness from which she suffered a great deal, and from which she never fully recovered, but which she bore very patiently. On August 25th, 1916, a son was born which seemed to fill her life with joy and hope. She spent many happy hours with the baby and in her last delirium her every thought and words were for the baby, calling him and petting him in all her dreams. On March the fifteenth she contracted pneumonia after a short spell of influenza, from which she suffered a great deal, told her husband and sister she didn't think she would ever get up again. She died on March 22d, 1919, aged forty three years, ten months and twenty three days. She leaves to mourn her death her baby, Kenneth Rex Evans. Her husband C. A. Evans, two sisters, Mrs. Flora Ritchie of Saybrook, Ill., Mrs. Ida B. Johnson of San Francisco, Calif., two brothers, Leo Rawlins, of Berryville, Arkansas, and Lem Rawlins of Eureka Springs, Arkansas. Her father having died some two years ago.

Funeral services were conducted at the house Wednesday at 2 o'clock. Rev. F. H. Lathrop preached the sermon and had charge of the funeral and was assisted by the Rev. Mr. Reece, who read the Scripture lesson and offered the prayer.

The Wonderful Call
• When Baby Comes

Likes the Blast of Heavenly Trumps When Call of Motherhood Is Felt.

Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Care should be exercised to insure that the crisis is passed in safety.

Apprehension is avoided by the timely use of Mother's Friend, a preparation of penetrating oils and medicinal ingredients which renders the muscles, cords, tendon and ligaments pliable, and thus tension is avoided. The usual nervousness, nausea, bearing-down and stretching pains are counteracted and the period is one of calm repose.

The broad, flat abdominal muscles relax with ease, and when baby comes the trial at the crisis is less and pain and danger is avoided.

Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give nature a helping hand.

Write the Bradfield Regulator Company, Dept. F, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and be in its application regularly night and day.

CICCOLINI TESTS THE \$3,000,000 PHONOGRAPH IN THE PRESENCE OF CHICAGO OPERA STARS

As Alfredo in Traviata, the initial offering of the Chicago Opera Association this season, Ciccolini scored a distinct success. Next day he dropped into a music studio accompanied by his friends, Carolina and Virgilio Lazzari, the famous contralto and basso of the organization. They started playing some of their own Re-Creations on the New Edison. As the strains of Marechiale, the delightful Neapolitan street song soared through the room the distinguished tenor joined in, as pictured above, singing in unison with his own Re-Creation.

"Bravo!" shouted Virgilio Lazzari. "A duet, I swear you can't tell the two apart. I'll try to."

He shut his eyes. Gradually Ciccolini sang more softly. Finally he ceased.

"Why don't you stop?" inquired the listener a moment later, "so that I can tell the difference?"

Ciccolini and Signorina Lazzari burst into laughter. Lazzari, the great basso, with ears attuned to the subtlest variations of the human voice; even he had been unable to say when it was Ciccolini he heard and when his Re-Creation.

Edison tone tests in which the artist sang in direct comparison with his own Re-Creations have been held before audiences totalling more than two million people. More than thirty great stars, both vocalists and instrumentalists, have conducted them; more than five hundred newspaper critics have reported them favorably. You may read their verdicts in the booklet "What the Critics Say." Out of this vast throng not one person has been found who could distinguish artist from instrument.

PAIGE
The Most Beautiful Car in America

THE Six-Cylinder Motor is conceded to be the ideal type for high-grade motor cars. It is much more efficient than the best of Fours and less complicated than eight and twelve-cylinder power plants. For these reasons we build Six-cylinder cars exclusively—and build them, as they should be built.

Make no mistake—you need the smooth, even power and remarkable flexibility of a Six. But buy a good one. A very simple investigation will convince you that there is nothing better in Six-cylinder engineering than the Paige.

AMERICANS HELD AS BOLSHEVIKI

U. S. Government Asked to Investigate Detention of American Citizens in Havana—Went to Cuba to Study Working Conditions.

San Juan, Porto Rico, March 29th—Correspondence of the Associated Press.—The United States government is being asked to investigate the detention at Havana and subsequent deportations from Cuba of Ramon Barrios and Alfredo Negrin, delegates from the Porto Rican tobacco workers, who went to Cuba to study working conditions of their trade in that island on behalf of the Porto Rican Tobacco Worker's Union.

Barrios and Negrin, who are American citizens and who were provided with passports from Porto Rico, have arrived here after their deportation. They say they were held in absolute isolation as Bolsheviki at Havana for six days and that the Cuban authorities refused to permit them to communicate either with legal advisors or with the American minister.

They declare they were searched by the Havana police, that their letters of introduction and other documents were taken and that they were kept in a political prison. They were informed they say, that it was useless for them to write letters to the American minister for if they did, the letters would not leave the hands of the authorities. The two delegates of Porto Rico assert that they protested because they were given no opportunity to be heard by the United States authorities; that they refused to sign deportation papers and that the police official then called in two detectives and ordered them to sign the papers for the prisoners. They arrived at Havana on February 17 and were deported on February 22. Meanwhile appeals had been made to both houses of the Porto Rican legislature but the local authorities received word that the message was not received in Washington, until after the two men had been released.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are known for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which "dangerous" calomel does without any of the bad after effects.

All the benefits of calomel, sickening, violent purgatives are derived from Dr. Edwards' Olive Tablets without pain, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

913 gross tons of coal during the fiscal year which ended June 30, 1918, according to figures just issued by the state department of mines. While official figures are lacking for the calendar year of 1918, the department estimates the production at about 100,000,000 tons.

Coke production during the fiscal year of 1918 increased 583,408 tons, according to the report, the total being 3,122,722 tons. The production of coal and coke in West Virginia required the services of 91,865 men during 1918, an increase of 3,200 men over 1917. A total of 793 companies operating 1,359 mines, produced the coal and coke, this feature of the report showing increases of 126 companies and 156 mines.

ANNUAL ILLINOIS SUNDAY SCHOOL CONVENTION

The first step toward securing for Jacksonville the 1920 convention of the Illinois Sunday school association was taken Saturday afternoon by the executive committee of the county association. The committee, meeting in G. H. Kopper's office, voted unanimously to invite the state association to hold its 1920 convention in Jacksonville.

J. S. Findley of the Y. M. C. A. has also expressed himself strongly in favor of seeking to have the convention held here.

President C. O. Bayha of the Morgan County Association expects to present the matter before the Jacksonville Ministerial Association at its next meeting, April 7. It is probable that the ministers of the city will extend an additional invitation for the convention.

Wayne Gard, secretary of the county organization, is optimistic regarding Jacksonville's chances for securing the state meeting. He stated Saturday that, although Taylorville and Bloomington are also intending to ask for the convention, he has reason to believe, from his correspondence with the state office, that Jacksonville's invitation will be accepted if it has the proper backing. He said further: "No state Sunday school convention has been held in Jacksonville since 1890. As all other of the larger Illinois cities have entertained conventions since that time Jacksonville is the logical place for the 1920 meeting. Jacksonville's railroad facilities and Morgan County's prominent part in Sunday school work will do much toward bringing the convention here. The eight hundred dollars which the people of Jacksonville would have to raise for expense is a small amount in comparison with the advantages which would be derived from having the convention with its one thousand or eleven hundred delegates in the city for three days."

The location for the 1920 convention will be finally decided upon at the 1919 convention which meets at Rock Island, June 3-5. The Morgan County Association is planning to send a large delegation to the Rock Island convention.

CAR WENT OVER 100 FOOT EMBANKMENT.

Steubenville, O.,—Probation Officer Dunlavy F. Voorhees, aged 60, and his son Frank, 28, of this city, have a pretty good idea what the sensations are of a circus performer in looping-the-loop, or an aviator who does stunts in the air. While riding in a closed automobile which the elder man was learning to operate, the car plunged over a 100 foot embankment, to the tracks of the Panhandle railroad.

Although the auto turned over five times in its descent, had its top ripped off by protruding rocks in the cliff and landed bottom side up, both occupants crawled from beneath the wreckage suffering only slight scratches.

NO EVIDENCE AS TO HOW SOLDIERS WERE KILLED

Rhy, Wales, March 28.—Via Montreal.—There is no evidence to show how the wounds which caused the deaths of five Canadian soldiers in the riot at Kilmel Park, March 5 were received. The coroner's jury declared in its verdict today. The soldiers were killed during a fight at the camp headquarters which had been stormed by soldiers carrying a red flag.

NAMED MINISTER OF RAILWAYS

PAYS HIGH TRIBUTE TO AMERICAN WOMEN

Gov. Allen of Kansas Addresses National American Woman Suffrage Association in St. Louis—Declares American Woman Has Proven Her Right to General Suffrage.

St. Louis, Mo., March 28.—The American woman has proved her right to general suffrage, and in states having suffrage she has proven herself worthy of that right. Governor Henry J. Allen of Kansas declared tonight in addressing the convention of the National American Woman Suffrage Association.

"She has proven to us conclusively that she can be both a citizen and a woman in the highest sense of both words," he said. The governor paid a high tribute to the part taken by American women in the war. He said: "I believe that one of the great by-products of the war will be the new status which womanhood in all the world has achieved through sacrifices and suffering," he said. "From this time on, the ancient argument that suffrage takes a woman from her natural sphere and throws her into political activities which affect her delicate sensibilities cannot be used except by humorists. The truth which must stand out is that her war activities have given her a background so full of conclusive argument that no reasonable man can stand against it."

"Out in Kansas where woman has had local suffrage for more than a quarter of a century and the right of general suffrage for several years she has proven conclusively that her influence in the electorate is safe and sane," the speaker continued. "Politics in the state are cleaner for her presence. Every moral issue is assured. In the presentation both of candidates and of issues the parties show a lively appreciation of the higher standards which the presence of three hundred thousand women voters demands. It cannot be charged that women do not take their suffrage seriously. In their club life they no longer consider exclusively artistic, literary and social questions, but study those questions which call for political determination."

"Any statesman who would hold back any longer the inevitable recognition of woman's rights has lost step with the march of great events."

NO REDUCTION IN RETAIL MEAT PRICES

Manhattan, Kans., March 28.—In a report on America's meat supply, Dr. C. W. Campbell, head of the animal husbandry department of the Kansas state agricultural college, said that consumers need not look for any marked reduction in the retail prices of meats in the near future. His report said:

"In 1900 there were 660 head of cattle in the United States for every 1,000 persons. This has been reduced to 350 head."

"In nine years the number of hogs has dropped from 800 to 600 for each thousand persons and sheep from 880 to 450."

"The capacity of the ranges is decreasing, and any increase in the supply of meat must come from the farm where the expense of production is much greater than on the range."

"Meanwhile, meat consumption of the country is continuously increasing."

CIGARETTE SALES NOW LAWFUL IN NEBRASKA

Lincoln, Neb., March 28.—Cigarette sales, unlawful in Nebraska since 1905, will become legal soon for Governor McKelvie signed a bill passed by the legislature licensing cigarette dealers. The new law, however, will prohibit cigarette smoking in public houses; prevent cigarette advertising except in newspapers, and provide revocation of the license of any tobacco dealer convicted of selling cigarettes to minors.

LAWBREAKERS FIND NO REFUGE IN MEXICO

Brownsville, Tex., March 28.—Lawbreakers along the Mexican border, whether Mexicans or Americans, will not find refuge hereafter by fleeing into the state of Tamaulipas, Mexico, for Governor Andres Osuna has waived extradition legalities in crimes of violence.

In this connection he has ordered authorities at Matamoros to turn over to W. T. Vann, sheriff of Cameron county, Texas, two men charged with being implicated in the killing in Cameron county of Toribio Rodriguez, an American citizen, on Jan. 17 last.

The men, it is charged, slipped across the border, waited for Rodriguez and shot him from ambush as he rode past on horseback. Later they were arrested in Matamoros.

For several years American peace officers have had troubles in dealing with cases where criminals raced into Mexico to escape American authorities.

VILLAIN TRIAL WELL UNDERWAY

Paris, March 28.—All the witnesses have been heard and the speeches of counsel have begun in the trial of Raoul Villain for the assassination of Jean Jaures, the French Socialist leader on July 31, 1914, and it is expected that a verdict will be rendered Saturday night.

M. VonCour quoted from the reactionary newspapers which he declared had treated Jaures as a friend of Germany asserting that if they were not directly responsible for Villain's crime, they created the atmosphere in which Villain later acted.

ARMY HEALTH GOOD.

Washington, March 28.—Health conditions in the army at home and abroad, continue very satisfactory according to a report issued today by the surgeon general for the week ending March 21, which stated there was no unusual prevalence of disease worthy of note at any camp or station within the United States and the non-effective list in the expeditionary forces had continued to decline and now was lower than similar rates in this country.

WOMEN FAVOR LEAGUE

St. Louis, Mo., March 28.—The National American Woman Suffrage Association today passed resolutions advocating the league of nations and urging the United States government to bring about the prompt redress

of all legitimate grievances, as a safeguard against revolution by violence. The final adjournment will be taken tomorrow afternoon.

ELKS IN SESSION.

Carl D. Spencer son of Mr. and Mrs. Sherman, Spencer of 1124 South East street, has returned home from nine months service in the army. He first went to Wendell Phillips Training school for two months. Then he was sent to Camp Greenleaf, Ga., and assigned to Motor Company 11. From there he was transferred to Ft. Oglethorpe, Ga., where he received his honorable discharge.

HOME FROM ABROAD

George Topping of Decatur is visiting his parents, Mr. and Mrs. Topping of this city. The father is master censor at the car shops. The young man belonged to the 35th artillery, headquarters and enlisted in April, 1917. He was kept in this country at various camps and finally went overseas but his command failed to have any part in the great conflict as they arrived at Metz just as the armistice was signed.

For a time he was stationed at Fort Washington, Maryland and engaged in the athletic contests there proving himself a fine sprinter. A big foot race was one of the events and after various contests there were culled out of the command about fifty runners for a mile race and in a contest over a mile course the young man won out first. He was anxious to use some of the same speed chasing the Huns but was denied the privilege.

SCOTT COUNTY MAN COMMITTED SUICIDE

George E. Collins Died by His Own Hand Monday Afternoon—Had Been Dependent Since Death of Wife Last October—Winchester News Notes

Winchester, March 31.—The community was shocked Monday afternoon a little after 3 o'clock when the news came that George E. Collins, living 1/4 mile northwest of the city, had committed suicide by shooting himself with a 22 calibre revolver. Mr. Collins and his son Paul moved to their present farm home March 1. Mrs. Collins passed away in October and since that time her husband has been very despondent. Monday afternoon he complained of a nervous headache and sent for his son, who was at the home of a neighbor. When the boy arrived he found his father lying on the floor with a bullet wound in his right temple. Dr. J. W. Eckman was summoned but found life extinct.

The deceased was a man of retiring disposition and had always been held in high esteem by all who knew him. He was a member of the Methodist church and had for years been a member of the choir there. For eleven years he was a partner in the firm of Townsend & Collins, furnace and tinware dealers, and prior to that time was connected with the W. C. Kuechler hardware store.

Coroner Thomas Webster empaneled a jury composed of Gilford Leib, William Redshaw, William Barry, Willis McKever, Arthur Bush, Dr. J. W. Eckman, to inquire into the cause of death.

The deceased is survived by his son, Paul Collins, but there are no other near relatives. He and his son were guests at the Coulson home in Chapin on Sunday.

The funeral services will be held Wednesday afternoon at 3 o'clock from the late home.

News Notes.
Mrs. J. R. Peak, who suffered a fractured hip several weeks ago, was able to be removed to her home Saturday. She has been at the home of her son, George Peak, since the accident. The aged woman was reported as resting comfortably Monday.

Mrs. M. A. Henderson returned Monday morning from a visit with relatives in Chicago.

Mr. and Mrs. Clyde Sheffield and son of Greenfield motored to Winchester for a short visit with friends Sunday.

Mrs. David Hainsfurther and daughter, Miss Madeline, with guest, Miss Henrietta Lowenberg of Natchez, Miss., left Sunday for Chicago.

Mrs. John Dahman left Sunday for Arenville for a short visit with her mother and returned home Monday afternoon.

Mr. and Mrs. Clarence Fox of White Hall are visiting relatives here.

Miss Louise Dawson and nephew, Edward Dawson, visited Saturday and Sunday with relatives in Chapin.

Scott Fletcher, who has been ill, was reported in a more serious condition Monday.

Mr. and Mrs. Peter Obermeyer celebrated their sixty-fifth wedding anniversary Sunday. Among those here for the occasion were Mrs. W. F. McKean and daughter of Springfield and Charles Obermeyer of Chicago. In his sermon Sunday morning at the Baptist church Rev. W. R. Johnson paid a special tribute to these long time residents of Scott county.

COLORED SOLDIERS ARE WELCOMED HOME

Exercises Held at Second Baptist Church Sunday Evening

At Second Baptist church Sunday evening was held a homecoming for returned soldiers. Twenty three of the local soldiers have returned from the army five of whom have been in the trenches in France.

The welcome meeting Sunday evening was arranged thru the efforts of the Jacksonville Civic league an organization of colored people. When the homecoming program to begin arrived every seat in the church was taken and all available standing room. For two hours patriotism ran high and some stirring addresses were made following a fifteen minute sermon on the war by the pastor, Rev. H. H. DeWitt.

Dr. A. H. Kennelbrew was master of ceremonies and made a few introductory remarks.

Miss Ruth Abington opened the program with a well rendered piano solo, Napoleon's Last Charge.

This was followed by talks by Corporals Dennis Mason, and Frank Watful, Sergeant Walter Taylor and Private Wilson. The latter had been gassed twice and told of the effect it produced.

Sergeant Taylor told of the work of the Signal Corps to which he was attached in carrying messages during battle.

Lieutenant Pinkett told of the battle of Metz and the battle of Argonne forest. The lieutenant has great descriptive powers and held his auditors spell bound. It is to be regretted that every citizen in the city did not hear the remarks of the men.

A quintet number, by Misses Gladys Hayden, Katherine Hayden, Frances Malone, Katherine Malone, Bessie Ross and Eleanor Lafayette, "Till We Meet," was sung in a most beautiful manner.

Miss Gladys Hayden gave a vocal number and Capt. J. M. Swales of the Grand Army of the Republic gave a brief address.

The singing of the Star Spangled Banner and America by the audience was most inspiring. A social hour followed and refreshments were served.

SOME LARGE FIGURES

A little more than fifty years ago the writer was visiting relatives in Quincy and a gentleman there remarked with pardonable pride that the banks of the place had three-fourths of a million dollars on deposit and for those days it was a large sum. Now according to the bankers' report the place has twelve millions in the banks that make reports.

And talking of large figures, we find in Chicago, in millions, Corn Exchange Bank, 103. First National 206. Continental Commercial, 297. And New York in millions: Bankers Trust Co., 261. Chase National, 380. Guaranty Trust, 583. National City, 751.

MISS CALLAWAY SOON TO GRADUATE

Miss Nellie R. Callaway of Chapin is one of those who will graduate April 2 at the DeWitt and Mason county hospital. Miss Callaway prior to entering the training school, was a teacher in the Morgan county schools for several years. The Decatur and Macon county hospital was opened to the public three years ago and this is the first class to be graduated from it.

COUNCIL PREPARED TO HEAR OBJECTIONS

Held Thursday Morning as Time for Hearing Motion Relative to Election of Board—Prepared for Paying to Contract Road and Morton Avenue

The Monday morning session of the city council was quite brief. After Acting City Clerk Widmayer had read the minutes of the previous meeting on motion of Commissioner White a drawing was held to select the members of the council to serve on the election board. The law provides for the hearing of objections, the board shall be constituted of the mayor, city clerk and one alderman, or commissioner chosen by lot. The alderman were placed in a hat and the name of Mr. Vasconcellos was drawn. It was announced that the hearing on objections which have been filed will be held Thursday morning at ten o'clock.

The ordinance permitting the construction of a track for the Eli Bridge Co., was given a second reading and adopted. The mayor and clerk were instructed to advertise for bids for the sale of \$75,000 worth of water works bonds, the bids to be received April 14.

Ordinances for side walks on certain streets where property owners have failed to comply with the council order were given a second reading and passed. The ordinances referred to specified properties on North Fayette, Marion, Prospect, Edgmon, North East, Anna, Jordan, Freedman, Reid, Walnut, and Franklin streets and West Lafayette avenue.

Some minor matters of business were considered and the council then adjourned until 8:30 in the afternoon.

Afternoon Session.
At the meeting of the council Monday afternoon the ordinance was passed for the pavement of East State street from Johnson street to the city limits. This will be a brick pavement in accordance with the specifications already published.

A resolution was passed providing for a concrete pavement on East Morton avenue extending from Hardin avenue to the county line. The estimated cost for this improvement is \$5,455. The concrete will be laid to a depth of 8 inches. It is not figured that the benefits to the contiguous property are sufficient to pay for the cost of this improvement and a portion of the cost will be otherwise arranged for. Several weeks ago the county board agreed to take over a part of the Morton avenue road between the C. and A. crossing and the west end of the Hardin road. When those two improvements are completed the hard road will connect with the Hardin avenue pavement.

Hospitaler Commandery No. 31 will hold a special convocation this afternoon at 3 o'clock for work. Stated convocation at 7:30 o'clock. Inspection. Visiting Knights welcome.
